Allan Bynon, Former State Senator, Dies

(Story also on page 1)
Allan A. Bynon, well known former legislator who died Saturday, had practiced law in Portland since the end of World war I. He was assistant U. S. attorney here from 1922 to 1926. He married Florence Hofer, Salem, in 1917. Their only son, Lt. Allan Bynon, Jr., army paratrooper, was fatally injured on March 15 in a military vehicle accident near Washington, D. C., where he was stationed. His father was in the hospital at the time and the news of his son's death greatly weakened Bynon, family members said.
At one time he was president of the Portland Americanization council and was active in the American Legion and the Veterans of Foreign Wars.
Surviving, besides his widow, are a daughter, Ailsa, student at University of Oregon; his parents, Mr. and Mrs. Fred S. Bynon, Sr., Salem; brothers, Fred, Jr., and George E., both of Salem.

REMEMBER WHEN
—every small boy went bare-footed from early spring until late fall? Well, nearly every one. Those who didn't were considered sissies. It was a healthy custom and saved a lot of shoe leather. And, oh those stubbed toes! Remember?

Maj. Skinner, Wife Return From Service

Home from the war are Major Gordon L. Skinner and his wife, Petty Officer Betty Abrams Skinner.
Seriously wounded in the fighting in France in the summer of 1944, Major Skinner has spent nearly two years in hospitals and returns quite fully recovered. His last assignment was at the Mayo hospital at Galesburg, Ill.
Mrs. Skinner enlisted in the WAVES when her husband went overseas and most of her duty was spent at Ft. Lauderdale, Fla., with the naval air arm.
A reserve officer before the war, Skinner left Salem in 1940, reporting to the coast artillery at Fort Stevens as second lieutenant. After special training at the coast artillery school at Fortress Monroe and at the CA anti-aircraft school at Camp Davis, N.C., he was sent to Texas to head up and train an anti-aircraft company. His outfit was shipped to England in 1943 and there given duty in shooting down the buzzbombs the Germans were sending over from the continent.
Skinner's company participated in the invasion of Normandy as a defense arm of the ground forces. While it was in a rest area some German planes slipped through the overcast and dropped bombs in the midst of their camp. There were several casualties, Skinner being one of them, a bomb fragment wounding him severely in the back. He was evacuated to England and later flown to America in October of 1944. Part of his hospitalization was in Florida where he and his wife could be together. She remained at Ft. Lauderdale until her separation from the service.
Skinner, now a major, will go on terminal leave and resume his work with Abrams & Ellis. He is the son of Mr. and Mrs. L. C. Skinner of 1456 Center st. His wife is the daughter of Col. and Mrs. Carl Abrams of 1547 Chemeketa.
