FORD'S OUT FRONT

IN HORSEPOWER

WITH THE 100 h.p. V-8 ENGINE

We Ford Dealers promise you new performance standards in the 1946 Ford

- Look what the new Ford has for you!
- Your choice of two great engines—the new 100 h.p. V-8 or the thrifty 90 h.p. Six
 - New balanced carburetion and new 4-ring aluminum pistons for greater savings on gas and oil
 - New Silvaloy bearings that last up to 3 times longer. A Ford exclusive
 - New springs with thinner leaves and more of them, for a more luxurious ride
 - New rear lateral stabilizer for improved roadability and easier control
 - New, oversized self-centering hydraulic brakes...for smoother, straight-line stops with less pedal pressure

You're going to love this new Ford. For when you step down on its accelerator, you'll feel an eager response of smooth, flexible power.

No other car in the low price field packs the performance wallop of the 1946 Ford with its 100 h.p. V-8 engine.

The new Ford has an unusually high ratio of developed horsepower to weight. That means you get more flexible power through the entire speed range...on hills or level highway. And you'll get this better performance at low engine speeds which means quiet,

economical operation...less wear and longer life.

Come in right away. We'll be glad to take your order for the greatest Ford ever built.

There's a Ford in your future
