Times computed for Taft, Ore., by the U. S Coast and Geodetic Survey for The Oregon Statesman.

May	High Time	High Water	Low Time	Low Water
21	2:40 a.m.	5.8	10:21 a.m.	-0.2
	3:35 p.m.	4.5	10:00 p.m.	3.5
22	3:30 a.m.	5.5	11:13 a.m.	-0.1
	4:20 p.m.	4.7	11:15 p.m.	3.4

No Matter How Many Have Owned it!

If you were the first and only owner of your real estate, your title to it would be a simple matter. But with all the other owners who have gone before, titles become complicated and are sometimes challenged.

If you have a Commonwealth Insured Title, you know you are the owner.

Rex Putnam to Address PTA

Rex Putnam, state superintendent of public instruction, will address the Englewood Parent-Teacher association when it meets at Englewood school 8 o'clock tonight.

New officers to be installed at the meeting, which is the last of the school year, are Kenneth Barker, president; William Drakeley, vice president; Mrs. Chester Cummings, reelected secretary; and Mrs. Raymond F. Olson, treasurer. Retiring president is Lloyd Arnold.

Class rooms will be open at 7:30 p.m. to enable parents to see exhibits of their children's work and to talk with teachers. Refreshments will be served by the school faculty.

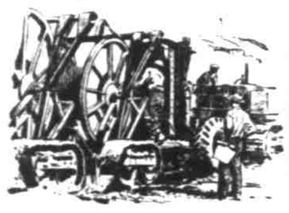
What our $400,000,000 five-year expansion program means to you

More than $100,000,000 Construction Planned for 1946

If you are waiting for a telephone . . . you may be certain that getting one to you just as rapidly as possible has top-priority in our plans. We are working full speed on buildings, cables, switchboards and other equipment needed to provide service for everyone who is waiting . . . and to make service even better for every telephone user.

If you are a farmer . . . you may expect the extension of telephone service in rural areas. New methods and new developments will be used, including high-strength steel wire, power line carrier equipment and possibly radio for remotest locations. You may also expect fewer parties on the lines, fewer rings for other parties and other service improvements.



If you use Long Distance . . . you may look forward to an even better and faster service than ever before. We are working on our part of a nation-wide coaxial cable network for long distance calls and television transmission. Equipment will be provided for nation-wide operator dialing of toll and long distance calls and for customer dialing of toll calls between some communities.

Thousands of jobs . . . millions of man hours of work . . . will be created by this program, the largest in our company's history. Our total plant investment will be increased to more than a billion dollars. For it is our purpose to provide an ever-widening, ever-improving telephone service . . . to grow with the West and to help the West grow.

Every day we seek to make telephone service even better than it has ever been before
