

### Unified Rule of Germany Sought

BERLIN, May 31—(AP)—Gen. Joseph T. McNarney renewed his demands today for administration of Germany as a single economic unit, and declared increasing attacks by German civilians on U.S. troops and hunger were resulting from the lack of unification.

Use of tobacco as money is as old as its cultivation—it matched gold as legal tender in colonial Virginia.

### Coal Strike Parley Fails

NEW YORK, May 31—(AP)—Three-man negotiating sub-committees of the United Mine Workers (AFL) and anthracite operators, meeting in the first day of an industry-wide walkout by 75,000 Pennsylvania hard coal miners, failed today to produce an agreement on any point after a three-hour discussion. Both sides agreed that the miners' walkout was completely effective.

The subcommittees meet again at 10 a.m. (EDT) tomorrow. The immediate effect of the strike was to deplete the nation's winter fuel stockpile of an estimated 210,000 tons of hard coal a day.

**3 DIE IN CLOUDBURST**  
DETROIT, May 31—(AP)—Three persons lost their lives as an afternoon cloudburst hit the Detroit area late today, snarling transportation and causing property damage estimated by police at "many thousands of dollars."

### Russians Would Give Palestine Issue to U.N.

LONDON, May 31—(AP)—The Moscow radio said tonight that United Nations participation would be needed to settle the "more acute than ever" problem of Palestine. Negotiations between Britain and America alone cannot possibly settle this very serious problem," said Commentator Mikhail Mikhalov in an English-language broadcast.

### U.S. Sends Note To Romania

WASHINGTON, May 31—(AP)—The United States has sent a vigorous protest to the Moscow-dominated Romanian government charging it with "circumventing commitments" to permit political freedoms.

The state department released the text of the note tonight, disclosing that the American government had demanded that Romania set a date for free elections and take steps to protect opposition parties.

The note said flatly that American officials in Bucharest have investigated or witnessed sufficient incidents "to establish beyond any doubt the fact that political violence is on the increase."

### Columbia Spills Over 10,000 Acres

PORTLAND, May 31—(AP)—The Columbia river, nearing its spring freshet peak, spilled over about 10,000 acres of land between Vancouver and Ridgefield, Wash., today.

The weather bureau here forecast a crest of 21.3 feet—2 feet above today's level—for the Columbia late tonight or early tomorrow. The river was expected to begin falling tomorrow.

### State Archivist Finds Papers

The state library is richer by several magazines and pamphlets as a result of the Boy Scout waste paper drive held Sunday.

David C. Duniway, Oregon state archivist, was on hand to rummage through the bundles looking for anything of value for the library. He found several architectural magazines and some miscellaneous pamphlets relating to farmers unions which he believes he can use.

The drive netted 36 tons of waste paper, about half of the total for the drive last October, Gardner Knapp, drive chairman, reported. The Parrish junior high school area contributed more paper than any single section of the city, Knapp said. Another Boy Scout waste paper drive is planned for the fall, he stated.

### Hospital Balk to Be Negotiated

PORTLAND, May 31—(AP)—The state public welfare commission decided today to conduct negotiations with Oregon State Hospital association officials on the issue of hospital expenses for relief patients.

Five hospital association members have notified the commission they will not accept more patients under present rates. Salem General hospital asked 50 cents a day in addition to the \$4.50 commission rate for class A hospital.

### TAFT NO CANDIDATE

WASHINGTON, May 31—(AP)—Senator Taft (R-Ohio) said tonight he is not a candidate for the republican presidential nomination in 1948 now and does not expect the nomination, but would run if selected.
