

Southern Italy May Secede, King to Leave

ROME, June 6—(AP)—King Umberto II tonight was drafting a farewell message expected to urge unity for the new Italian Republic, already confronted with mutterings of secession in the south, before joining his queen en route to exile in Portugal.

Women's Legion Post Sends Relief Package to Dutch

Pioneer post, American Legion, will mail its first overseas relief package today, it was announced at last night's meeting by Fern Jones, overseas package chairman.

18-Month Draft Sought by 'Ike'

WASHINGTON, June 6—(AP)—With the final form of the draft extension highly uncertain, Gen. Dwight D. Eisenhower said tonight that "the pool of potential volunteers is drying up" and "selective service must supplement enlistments."

Police Probe 3 Burglaries, 5 Car Prowls

Police Thursday were investigating three burglaries and five automobile prowls, most of which occurred Wednesday night. The reports:

A burglar who entered Capital City Laundry, 1264 Broadway st., apparently tried on trousers until he found a pair that fit. Other clothes were believed taken. Entry was gained by breaking a window.

Toomb's Grocery, 1635 Fairgrounds rd., was entered by breaking a window and robbed of 17 cartons of cigars.

Eight men's shirts, trousers and a suitcase were taken from the local hotel room of Paul Burgess, Portland. Earlier in the day \$15 was removed from his coat pocket while he was working at the carnival in town.

Items valued at \$25 were stolen from the parked car of J. K. Cummings, 790 N. Commercial st., including a jacket, casting reel, four boxes of 22 shells, four wrenches and a portable light.

Two fog lights were removed from the car of R. A. Widner, Box 65 Abrams ave., and a spotlight taken from the car of Edna Gobert, route 2. Windows were broken, but apparently nothing stolen, from the car of Paul T. Eaton, Portland, and an unidentified car with license number 363-750.

County to Collect \$500 in Overdue Property Taxes

Marion county will collect some \$500 in long overdue taxes on properties now owned by the city school district, but no interest will be charged, it was determined at final settlement of the confusing situation which reached Thursday morning at a meeting of the county court with school district representatives.

The compromise, similar to that which concluded the city water commission-county debacle a few years ago, marked the close of a 10-year controversy.

Taxes involved had been levied but not billed when the properties were purchased by the district, whose lands like those of the city water commission are tax free. The purchases were made from 1935 to 1940.

At least one of the tracts, on the Pacific highway north, went to the county under a tax foreclosure before an agreement between county and district was reached.

China Truce Begins Today

NANKING, Friday, June 7—(AP)—The long conflict between the Chinese government and communists for control of Manchuria is scheduled to end at noon today in a 15-day truce arrangement by General Marshall in hope of making a permanent settlement.

Generalissimo Chiang Kai-Shek announced that he was issuing orders to his armies "to hold all advances, attacks and pursuits" for the 15-day period. Gen. Chou En-Lai, chief communist negotiator, said his faction concurred but was concerned over the brevity of the truce.

Pioneer Dies At Mt. Angel

MT. ANGEL, June 6—(Special)—Miss Margaret Fuchs, last member of the fourth family to settle in this community, died at her home here Wednesday. She was about 79 years old.

Bus Drivers' Strike to End

SEATTLE, June 6—(AP)—Drivers of the Washington Motor Coach system, idle since midnight, March 22, will return to work at midnight Tuesday, it was disclosed tonight in a joint announcement by the union and the company. There was no mention of the terms of the agreement.

LEBANON CO-ED SCHOLAR

CORVALLIS, June 6—(AP)—Oregon State college seniors are led in scholarship by Charlotte Bohle, Lebanon, who averaged 3.95 out of a possible 4.00 grade average.

TO HAVE PIPE MADE

PORTLAND, June 6—(AP)—The Eugene water board, unable to find large pipe needed for a water main, bought 2500 tons of steel plate from the war assets administration and will have the pipe made. It paid \$78,500 for steel having a market value of \$152,000.

Growers Laud Cherry Picking Ceiling Wage

Generally favoring a ceiling on cherry picking wages, cherry growers from six Willamette valley counties testified last night before the Oregon wage stabilization board in the Salem YMCA.

Most of the 50 growers present appeared to endorse a ceiling of 3 1/2 cents per pound for sweet cherries picked. Some growers suggested a differential to place the wage for sour cherry picking a cent below the sweet cherry figure.

Alden Orr, board executive officer, explained that, if acceptable to the growers, ceilings may be set for the nine-county Willamette area by the board, upon confirmation by the U. S. department of agriculture. "Pirating of labor and pyramiding of labor cost may thus be averted," he said.

Once a ceiling is established, he explained, it is administered locally and emergency relief from it may be granted without red tape by application to committees who will be appointed in cherry-growing communities. The board members who took testimony were Prof. W. H. Dreesen, Oregon State college, John Shepherd, Albee, Oregon; George Woodburn, and F. N. Horton, Portland.

OPA Broadens Sawmill Rules

WASHINGTON, June 6—(AP)—The civilian production administration tonight broadened its lumber control program to cover the operations of all sawmills.

The move is designed to increase lumber and flooring set-aside by about 4,250,000,000 board feet annually in order to meet requirements of veterans hospitals and essential civilian needs, in addition to requirements of the housing program.

Expansion of the program brings an additional 26,000 small sawmills under CPA jurisdiction, but these turn out only about 25 per cent of the lumber supply.

Porter Scores OPA Measure

WASHINGTON, June 6—(AP)—Price Administrator Paul Porter asserted tonight that "effective

price and rent control will end" if the senate banking committee's OPA extension bill becomes law. His statement attacking the measure served to underscore the comment of Senator Taft (R-Ohio) that a major battle may be expected when the senate takes it up next week, especially over a provision lifting meat and dairy price controls at the end of this month.

U.N. Postpones Franco Debate

NEW YORK, June 6—(AP)—The United Nations security council yielded to a request by the United States and Great Britain today for postponement of full-dress debate on a proposal for a complete United Nations diplomatic break with Generalissimo Franco's Spain by next September. The council adjourned until Thursday.

Both Herschel V. Johnson, sitting for the first time as the United States delegate, and Sir Alexander Cadogan of Great Britain, said their governments had not had time to decide their position on the Spanish issue.

Majek to Head Salem Lions

Ed Majek was elected president of Salem Lions club Thursday noon at the club's luncheon meeting in Hotel Marion.

Other new officers are: First vice president, E. Burr Miller; second vice president, Ed Schrader; third vice president, Charles McElhinny; directors, Jim Beard and Floyd Seaman. Directors whose terms carry over are W. E. Kimsey and Floyd Bower.

New officers and directors will meet with the retiring board of directors Tuesday noon, June 18, at the Spa restaurant. At the meeting yesterday C. R. Kingan, local Firestone manager, showed a color film depicting the manufacture of rubber tires.

GERMAN JEWELS MISSING

FRANKFURT, Germany, June 6—(AP)—The provost marshal announced today that German royal jewels valued at \$1,500,000 had disappeared from a castle used as an American officers' club and said "it is presumed that further investigation is being continued in the United States."

Playground Plans Halted

Protests from property owners of the Baker street tract purchased by the Salem school district this past year have halted preparations which were in process for establishment of a supplementary playground there, school officials indicated Thursday.

Before a softball diamond is constructed there or any other money spent on the grounds, the petitions for a zone change filed some time ago will be checked by the city engineer and should they include those of 65 per cent of the affected property's owners a zone change notice will be filed. It was understood when the matter was taken before the city council last winter that the necessary number of signatures had been affixed to the petitions.

MARITIME CONCLAVE OPENS

SEATTLE, June 6—(AP)—Secretary of Labor Schwelienbach key-noted the international labor organization's maritime conference with a plea at the opening session today for "reason and ordered progress" in settling labor controversies.

Fall from Bridge Fatal to Boy

PORTLAND, Ore., June 6—(AP)—Twelve-year-old Russell Collier fell 15 feet to his death in the Willamette river today as he was fishing from a girder under the Burnside bridge.

Although the harbor patrol promptly recovered the body, efforts to revive the boy failed, as did a rescue attempt by an unidentified sailor. Oliver Collier, 14, ran for help when he saw his brother tumble into the water.

O.C.E. Awards Degree to Dana

The Oregon College of Education at Monmouth made its first award of an honorary degree at its commencement exercises Thursday afternoon when President Charles A. Howard conferred the degree of doctor of letters on Marshall N. Dana, editor of the editorial page of the Oregon Journal. Dr. Dana was the commencement speaker on the theme, "Nothing Can Surprise Us Now."

Phil Metschan, member of the state board of higher education, extended greetings from the board.

President Howard conferred the degree of bachelor of science in education on 15 seniors, and awarded diplomas to 27. Eleven more will receive their diplomas when they finish the summer session.

Raw material of good judgment...

FACTS

It would be easier, we believe, to build a new home without lumber and nails than to exercise good judgment without facts. All the facts.

Fortunately, there is no shortage of this essential raw material—facts. Some searching may be required, certainly some thought is required to interpret facts intelligently, but they are available.

TO WAR VETERANS . . . facts mean that precious funds need not be wasted in fine-sounding but unsound ventures. The real worth of any glib "opportunity of a lifetime"—whether in securities, in business or elsewhere—should be and can be determined—by getting the facts first.

TO WAR BOND OWNERS . . . the use of facts means conservation of the hard-earned, productive savings these bonds represent. Even a brief study of the facts demonstrates the wisdom of holding War Bonds until they mature.

TO INVESTORS . . . facts offer a safeguard against needless risk . . . a bulwark against the

temptation to buy or sell securities on the basis of tips, rumors or sudden impulses.

It is the established policy of this Exchange to foster, in every way possible, the principles of informed investment. To do so, it seeks constantly to increase the amount of information available to the investor. Before any company lists its securities on the New York Stock Exchange, that company agrees to report, regularly, facts essential to reasoned investment decisions.

We urge every investor to make full and frequent use of this information. Values change . . . in securities as in any other form of property . . . in this market as in any other.

In investment, facts are your best protection against unnecessary risk. With facts, and only with facts, you can build toward a sound financial future.

NEW YORK STOCK EXCHANGE
