# Rail Stocks at Six states—Georgia, Maryland, 15-Year Highs

NEW YORK, June 13-(AP)-Rail stocks hit 15-year bull market highs today and assorted industrials exhibited strength, but many leaders remained more or less indifferent.

Carriers, again spurred by hopes for a freight rate boost and an actual sharp jump in car loadings, led the advance from the start.

Gains of fractions to better than 2 points were well in the majority at the close. Transfers totaled 1,150,000 best volume since June 5, and compared with 970,000 The Associated Press 60-stock average was up .7 of a point at 81.7, widest upturn since May 28 The rail composite advanced 1.1 points to 51.2 a peak since 1931.

CATHOLICS INCREASE

NEW YORK, June 13 -(A) The Catholic population of the United States, Alaska and the Hawaiian islands increased 438,433 during 1945, says the official Catholic directory for 1946, released today. The total now is 24,402,124, the directory said.
