### "Holly" Says:

THIS IS IT BOYS!

Yes, this is June—this is the month that everything happens! Well, it's the month of marriages anyway and that's what starts everything. Take our little family for instance, now I started going with Mrs. Jackson in June 1931, then after ten years had slipped by she suggested we get married so we did and that was June 1942, then in June 1944... why should we be telling you about us—the point we wanted to make was that this is June and it is the month to buy that diamond ring and really start living. Come in and talk it over with us first; we sell diamonds (any size), give advice (any amount), answer all the questions (if any).
