

Seven Wounded At Execution

BUDAPEST, June 22-(AP)—Seven male spectators were wounded by ricochets when a convicted war criminal was shot today in Marko jail courtyard. Many spectators, especially women who are not allowed legally to witness executions became hysterical. The executed man, Jenő Ruzsokay-Ranzenberger, was a former general in the Hungarian army and was the deputy minister of the interior.

Truman OK's Fund for Agriculture Department

WASHINGTON, June 22-(AP)—President Truman signed a bill today providing \$1,137,694,189 for the agriculture department for the fiscal year starting July 1. The measure contains \$75,000,000 for the federal school lunch program. It also includes a "no-strike" section banning payment of salary to any worker belonging to an organization which claims the right to strike against the government.

Longshoremen Said Violating Agreement

PORTLAND, Ore., June 22-(AP)—Longshoremen in San Francisco, Seattle, and Longview, Wash., have violated the new wage agreement by staging brief work halts, the president of the Pacific Coast Waterfront Employers' association asserted today.

Frank P. Foisie, San Francisco, declared causes of the work stoppages are varied, "but the conduct is purely arbitrary." He was here to report on Washington negotiations to Portland employers.

"The longshoremen got the best deal in the country," he declared. "Their increase of 22 cents an hour upset the pattern of 18 1/2 cents which had been established in most other industries."

Arab-Jewish Meet Sought

CAIRO, June 22-(AP)—Hafez Afifi Pasha, Egypt's representative on the United Nations security council, declared today "It's up to the Jews and Arabs to settle their differences now" in Palestine.

He told a news conference that if the Arabs and Jews "agree among themselves upon a government, then there is no excuse for British troops to remain in Palestine."

The delegate declared that the Americans "are completely ignorant about the Palestine case. They know only the Jews' point of view."

Silver Lack to Close Industries

SCHENECTADY, N.Y., June 22-(AP)—Electrical appliance manufacturers "will probably be forced to halt deliveries in a few weeks" because of the scarcity of silver, the General Electric Co. announced tonight.

"The same condition holds true for the automotive, motion picture, food processing, farm machinery and many other industries," H. L. Erlicher, GE vice-president in charge of purchasing, asserted in a statement.

IMPLICATES MIHALOVIC BELGRADE, June 22-(AP)—The commander of the Serbian volunteer corps told a military court today that the corps had fought alongside the Germans against Marshal Tito's Partisans, and at one time had been put under command of Gen. Draja Mihailovic.

Army Camp Salvage to Build Houses

WASHINGTON, June 22-(AP)—Wholesale dismantling of surplus army camps and other projects to provide material for veterans' housing will begin shortly, the government announced tonight.

The program is expected to make available enough lumber for 125,000 three bedroom houses, it was estimated informally. The over-all quantity to be obtained is officially calculated at 1,500,000 board feet or more. The salvaged lumber due to begin flowing into housing channels within 60 days.

The engineering corps will have 15 dismantling jobs well under way by August 1, another 15 by Sept. 1 and 20 more by October 1, the war assets administration and the national housing agency announced.

Farm Income At New High

WASHINGTON, June 22-(AP)—Farmers jingled as much, if not more, cash money in their jeans this mid-year as last, when their six-months receipts totaled \$8,710,000,000, the department of agriculture estimated today.

Their 1945 cash receipts from farm marketings piled up to a record breaking total of more than \$20,000,000,000 by the end of the year. The report made no forecast for the second half of this year.

Farmers marketed more hogs than normal in recent months, helping to keep livestock receipts up to those of last year, and increased receipts from grain marketings helped maintain income levels for crops.

Weathermen Stage Contest

PORTLAND, Ore., June 22-(AP)—The Oregonian is keeping a box score of hits and misses of the Portland weatherman.

His opening week's batting average was perfect: 5 hits out of 5 forecasts. Chief Meteorologist E. S. Ellison announced that his team was planning to outfit the Seattle forecasters, who—according to the Seattle Times—batted just .700 in the last month.

Ex-GI Pacing Utah Tourney

SALT LAKE CITY, June 22-(AP)—After three years as an aerial gunnery instructor, Tal Smith, 26-year-old Alameda, Calif., amateur, showed his rivals something about accuracy with golf tools today in taking the halfway stage lead in the 72-hole \$5,000 Utah open tournament.

Smith, tied for second at 68 yesterday, licked a strong southerly wind and the Fort Douglas course for a 70 and a two-day mark of 138, six under par. Smith held a three-stroke lead over John Geertsen, home professional, who had 74 after his brilliant 67 yesterday.

Constance Bennett Weds Fifth Time

RIVERSIDE, Calif., June 22-(AP)—In a dim-lit chapel, surrounded by Hollywood notables, Constance Bennett became a bride today for the fifth time. She and Col. John Theron Coulter were married by Lt. Col. Tunis L. Cordill, chaplain of the 12th air force at nearby March field.

Her daughters, Lynda and Gyl Roland, were present and she was given in marriage by her 17-year-old son, Peter Bennett Plantz.

Pessimism Dampens Chinese Conference

NANKING, June 22-(AP)—China's peace-seeking committee of three met today in an atmosphere of pessimism unrelieved by extension of the Manchurian truce to June 30. The mutual distrust strongly voiced in Chinese communist and government quarters dampened hopes of a general settlement of China's internal strife.

ILLEGAL DRUGS CUT

WASHINGTON, June 22-(AP)—Col. Crawford F. Sams of General Douglas MacArthur's staff reported today that American occupation forces in Japan and Korea have cut off 90 per cent of the world's prewar illicit drug trade at its source.

Come in today! Make your choice the tire that
OUTWEARS PREWAR TIRES!
Tires are arriving every week—perhaps we have your size now!

The new Silvertown tire with a wider, flatter tread puts more rubber where you need it—on the road! It has a stronger body with tougher cords and more of them plus two breaker strips to cushion sudden blows that sent hub caps flying on Jimmie Lynch's car above.

Result? A tire that's safer than prewar tires because it grips the road better when moving, hugs it tighter in stopping. A tire that in laboratory tests resists bruising better than prewar tires. A tire that actually OUTWEARS PREWAR TIRES—even at high speeds!

Perhaps we have your size in stock. You'll get yours sooner, if you order today.
