

THOMAS ARRESTED
Allard W. Thomas, 415 N. Cottage st., was arrested at his home Monday night on a warrant charging larceny by Deputy Sheriffs George Henderson and James A. Givens. He was booked at the county jail in lieu of \$750 bail.

OREGON GOAL ASSURED
PORTLAND, June 24—(AP)—Oregon's goal of saving 20,000 tons of wheat and 500 tons of fats and oils by July 1 will be reached easily, Joseph K. Carson, chairman of the state food for famine relief committee, predicted today. He complimented Portlanders for "eating and wasting less bread."

Chinese Strife Laid to U. S. Policy, Troops

NANKING, June 24—(AP)—A blunt charge by China's No. 1 communist that the United States was responsible for China's internal strife shook the framework of peace negotiations here today. The accusation was made in a statement issued from Yenan by Mao Tse-Tung, chairman of the communist party. He flatly asserted that the stationing of large U. S. forces in China was the "fundamental cause of the eventual outbreak and propagation of civil war in this country." The communist leader's broadside against U. S. policy in China came at a delicate period in General Marshall's efforts to negotiate peace, and it came at a moment of special tension caused by the mobbing of a leftist "peace delegation" arriving from Shanghai.

Vinson Sworn To New Post

WASHINGTON, June 24—(AP)—Affable Fred M. Vinson was sworn in as the "lucky 13th" chief justice of the United States today before a shirt-sleeved throng on the south lawn of the White House. President Truman, who arranged the unusual ceremony at a time of tension within the supreme court, hopefully applied the designation "lucky." He noted that Vinson becomes the 13th chief justice and declared that is "lucky for the United States and lucky for Mr. Vinson—at least I hope it is." The president also said, in a brief informal speech, that "all of us have the utmost respect for the courts of this country and we know that that respect will be enhanced when Mr. Vinson becomes chief justice of the United States, actively on the bench."

Burglars Enter 2 Salem Homes During Weekend

Two burglaries of Salem homes over the weekend have been reported to Salem police. Both homes were entered by prying open locked windows after prying open window screens. A table radio, a lamp cord and \$5 in change were taken from the home of Mrs. Beda Erickson, 1085 N. 21st st., Saturday evening, she told police. Two bedrooms and the living room were ransacked, she said. About \$125 in change was all that was reported taken from the residence of Helen Yockey, 765 S. High st., after Mrs. Mollie Norstad, housekeeper, left for church Sunday morning, she informed police. Miss Yockey is in the east.

LOS ANGELES, June 24—(AP)—Music suggestive of his long career as the two-gun man of western movies will set the atmosphere of funeral services for William S. Hart in the Church of the Recessional, Forest Lawn Memorial park, in nearby Glendale Wednesday afternoon. The veteran actor died last night in the California Lutheran hospital where he had been under treatment since suffering a stroke last month.

Indian Party Rejects British Freedom Plan

NEW DELHI, June 25—(Tuesday)—(AP)—Maulana Abul Kalam Azad, president of the All-India congress party, announced today that the party's working committee had rejected British plans for an interim government for India pending adoption of a constitution for an independent India. Azad declared, however, that the committee had accepted the British cabinet mission's long term proposals looking toward Indian independence. The decision, he said, was conveyed to Viceroy Lord Wavell and the cabinet mission by telephone this morning. A written statement will be forwarded to the mission later, Azad added.

Beauty School In New Setup

The Oregon School of Beauty Culture, founded in Salem 17 years ago and operated here since, is in process of becoming a Marinello school, part of an international organization with standards in addition to those of the state board. Emma Kalke Haley, owner, said Monday the change would be especially valuable to students seeking work in other states or countries. The Oregon School, she said, has set a record unequalled in the past nine years, when every graduate has passed her state board examinations, but the Marinello training will mean new prestige, she added. Mildred Wilkenson from the Marinello National school in New York is in Salem training Mrs. Haley and the three other staff members.

CREDIT SAVES YOU WAIT IN GETTING NEW DENTAL PLATES

Pay for dentures in weekly or monthly amounts, as you wear them, with Accepted Credit.

Dr. Painless Parker Says:

"Payments are available to you with Accepted Credit. Arrange to budget cost of plates and other dental service. Make your own terms, within reason. Start work now. Pay later."

New Style Plates Have Beauty and Grace

Are hard to detect. Care exercised in the blending of color for new plates assures you of restorations that harmonize with individual features. Lightweight plates, made with the refined material all dentists recommend for faithful reproduction, have a tested balance and stability. Their resiliency offers greater wearing efficiency.

20 Million Dentures Needed

Public health surveys reveal the accumulated dental needs of the country -- 200 million extractions, 600 million fillings, and 20 million dentures are among the requirements listed in recent reports. Make frequent visits to dentist to have teeth examined and kept in state of repair.

Realistic Effects Provided with Translucent Teeth

These scientifically-perfected, artificial teeth absorb and reflect light as do fine, natural teeth. They are available in the shape and shade of your own teeth.

Widespread dental neglect source of much of nation's illness. Tooth troubles rate second to the common cold in the United States.

Unnoticed and diseased teeth should be removed to promote better health. Focal infection has long been recognized as a primary cause of illness. Poison from decayed teeth breaks down normal resistance.

Dentistry Pay as You Are Paid

for dental work of all kinds. Accepted Credit for dental plates, bridgework, fillings, crowns, extractions and inlays. Keep teeth in repair by arranging for Accepted Credit.

Teeth Are Needed To Chew the Strong, Vigorous Food That Provides Energy

Nature intended that teeth should aid in the digestion of food. And when natural teeth are lost you should have them replaced with plates. Don't become a dental casualty for want of teeth with which to eat.
