

Twentieth Anniversary of TALKING PICTURES

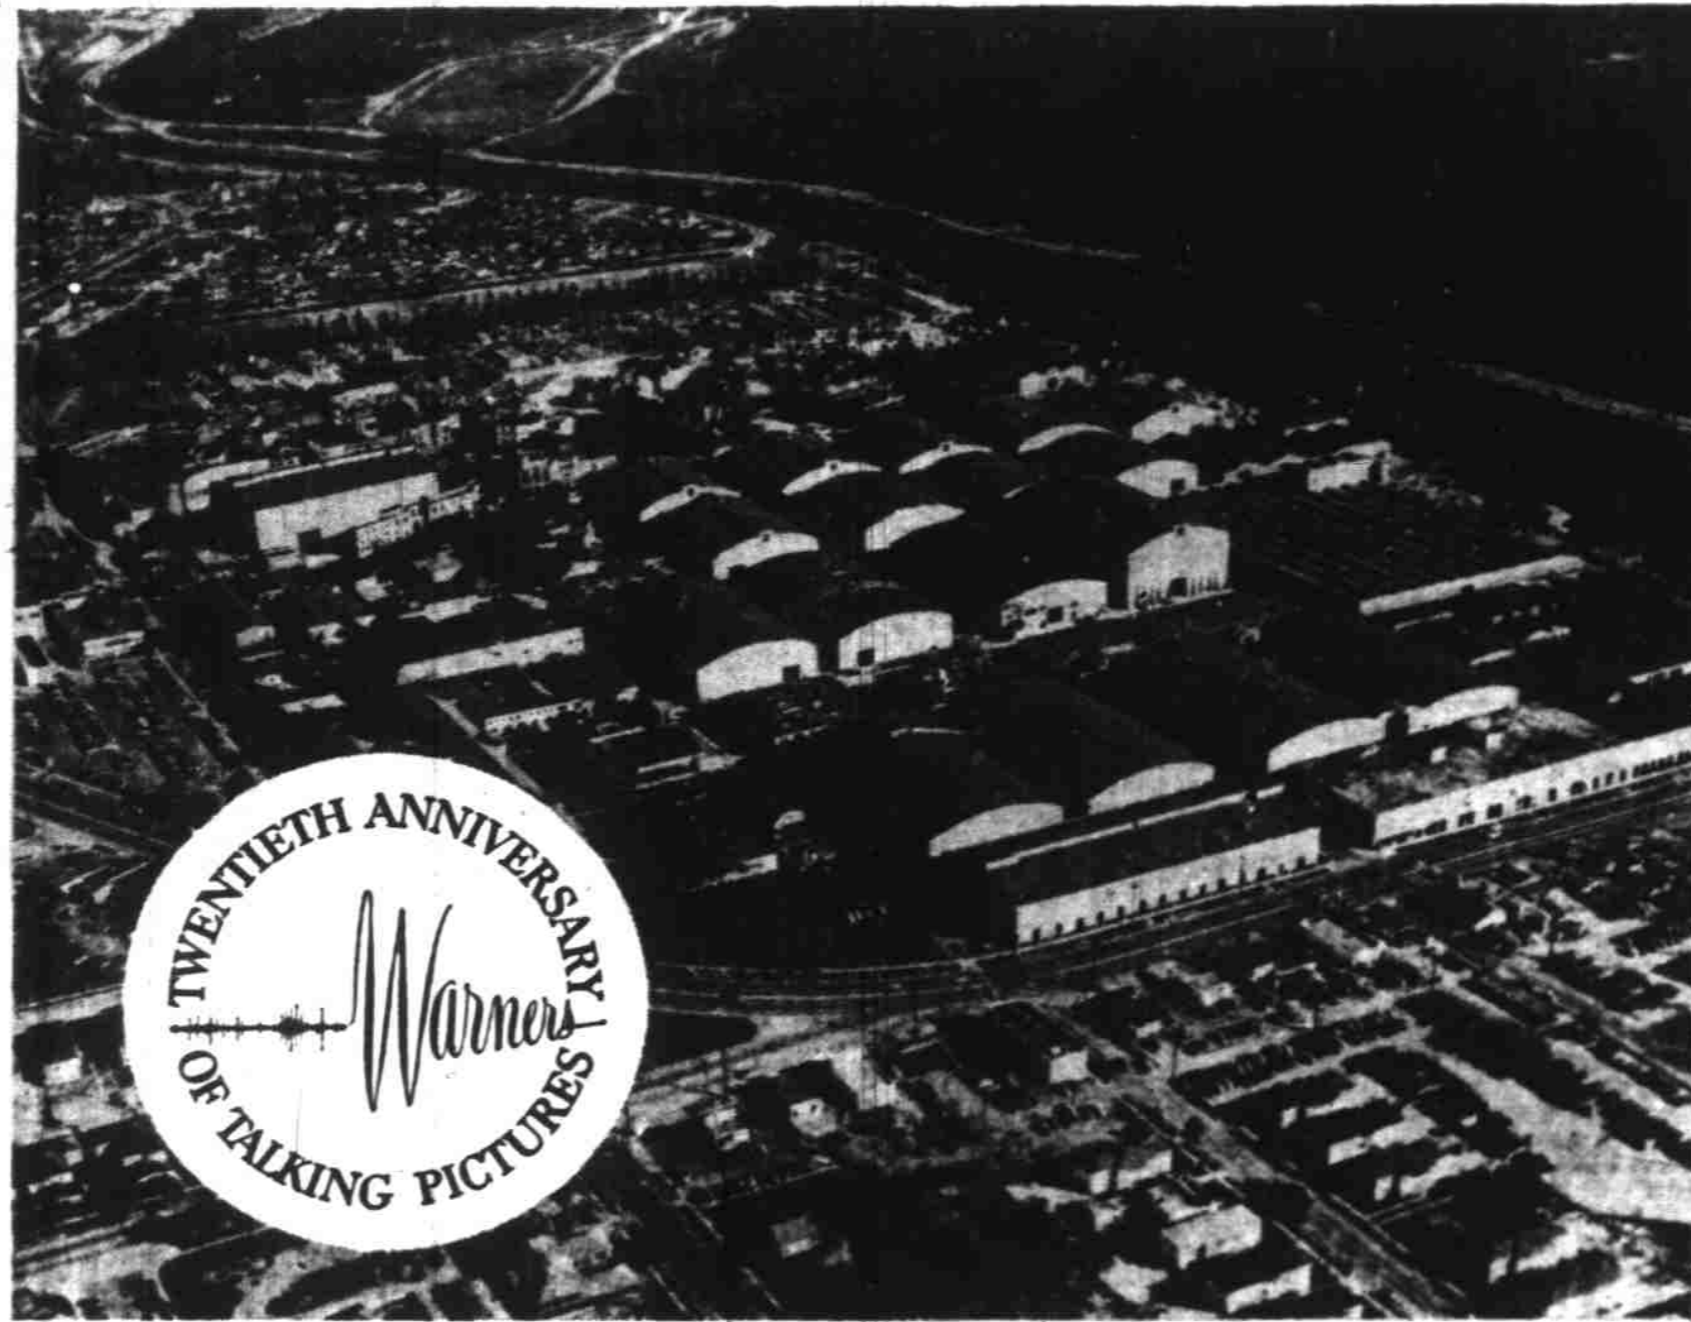

**Congratulations . . .
WARNER BROS.**

The cast in an informal pose on the "Don Juan" set. John Barrymore, star of the first Warner Bros. sound production may be seen in the center with legs crossed.

For a fine custom tailored suit or overcoat, ladies' or men's, and fine fur remodeling, try Bernardty, tailor-furrier. The largest stock of woollens in the state. 10% DISCOUNT TO EX-SERVICEMEN. **BERNARDTY, TAILOR-FURRIER** FIRST NATIONAL BANK BLDG.

From a humble beginning more than two decades ago, there has emerged Warner Bros. Studios with a vastness that is breathless, takes its place at the top of the list of all famous producing companies. And from its first sound production, "Don Juan" to its newest and most ambitious effort, "Night and Day," Warner Bros. have endeared themselves in the hearts of the American people, and the world too, for combining good citizenship with good picture making.

**Congratulations . . .
WARNER BROS.**

Conrad Nagel and Dolores Costello in one of the early Warner Bros. pictures, "Tenderloin."

Our technicolored portraits have had the same progressive development as talking pictures in the last 20 years.
