Spotlight on Begonias...

The fragile, striking beauty of Begonia Elvira will feature the first annual begonia show to be held at the Y.M.C.A. on Saturday, August 24, sponsored by the Salem Men's Garden club. The Begonia is a new variety of recent popularity that grows in a wide variety of colors and shapes according to Russell Pratt, chairman of the committee in charge of the show and chief representative of the club. It is still comparatively unknown to most home gardeners, according to Pratt, and it is hoped that this show, the first to be held in Salem exclusively devoted to one flower, will increase interest in its culture.

Spectators will be asked to register their choice for the best bloom of the show and three sweepstakes winners will be awarded according to the popular vote.

Exhibitors are instructed to furnish their own containers and to enter their displays between the hours of 10 a. m. and 1 p. m. The show will be open to the public from 1 p. m. to 10 p. m. on Saturday with the results of the judging to be announced at 8 p. m.

Assisting Pratt on the committee on arrangements are Prof. D. H. Schulze and Gilbert Stein.
