CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better. Many sufferers believe backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 48 years. Doan's give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

HAYESVILLE—Members of the Hayesville Baptist Sunday school will be entertained at the Four Corners church Friday night, beginning at 8 o'clock, as the results of an attendance contest held. Members who have no way of attending may call the pastor.

Hop Growers Call For 5,000 Pickers To Save Late Crop

INDEPENDENCE, Aug. 28—An urgent appeal for 5000 hop pickers is being issued by the Independence Hop Growers as the opening of the harvest begins September 2. All growers need more pickers to get in this main crop. Due to the hot weather during the picking of the early varieties, many workers left the fields, leaving the farmers in dire need for the peak of the picking season, which is just beginning, it is said.

Mr. and Mrs. Haskell Dowdy, who picked on the Walker ranch

across the river from Independence, reported making \$20 a day during the early harvest. They expect to make an average of \$25 a day.

The Independence hop growers at 148 C st., will be glad to place anyone interested in a picking job.

METROPOLITAN

Historic OREGON CITY

OREGON CITY, a community built on three picturesque terraces, has been prominent since the early days of Oregon. It was the first incorporated town west of the Rockies, first provisional and territorial capital, and a pioneer in the organization of civic associations, libraries, and cultural societies.

Oregon City is a trading center for 50,000 people. It is located in the

heart of one of the most productive agricultural areas in the Northwest, is seat of Clackamas county, and is the northern entrance to the fertile Willamette Valley.

The location of Oregon City makes its importance felt throughout the state. This importance is increased by Greyhound bus service, linking Oregon City to neighboring communities with the best in modern intercity transportation.
