

Grants Pass Projects Begin In Face of Ban

GRANTS PASS, Ore., Oct. 3 (AP)—A group of Grants Pass business reopened construction projects today in the face of an order from the civilian production administration to stop work.

Following two meetings in protest of what they said were "unfair regulatory practices," the builders pledged mutual support in case of court action by the CPA.

Approximately 100 private home builders, contractors and building trades representatives attended the second meeting last night. They said the stop-work order had affected about 150 buildings in the Grants Pass area, most of them 50 to 75 per cent complete.

The group elected officers, who said they since had received messages of moral support from builders in Salem, Medford, Klamath Falls and Roseburg.

In Seattle, Galen S. Geller, re-

gional CPA compliance manager, said the stop-work orders had been issued wherever building projects were not authorized and that "the area from Salem down was just getting out of hand."

Butter Labels Said Faulty

Labeling of butter in Oregon must be brought in line with the actual butter quality, Kenneth E. Carl, assistant chief of the foods and dairies division, state agricultural department, warned here Thursday.

Carl said 50 per cent of a quantity of butter picked up in Portland stores recently was mislabeled as to grade.

"We failed to find a single pound of butter labeled as grade B in these stores where purchases were made," Carl declared, "but when the samples were analyzed about one half of the butter marked or labeled grade A was actually grade B butter."

GOP Conclave Starts Today

Joseph B. Felton, Salem attorney, president of the Oregon Republican association, will open business sessions this afternoon at the 13th annual convention of the Oregon republican clubs, in Portland.

Harold E. Stassen of Minnesota and Sen. Kenneth S. Wherry of Nebraska will be principals. Wherry is to speak at tonight's banquet and Stassen will make the main address Saturday night.

Steelman Says More Inflation To Cause Bust

WASHINGTON, Oct. 3 (AP)—President Truman today called for all-out production and an end to industrial strife, and backed up a warning by Reconstruction Director John R. Steelman that further price inflation may spell economic "collapse."

Steelman's quarterly report, released today, said among other things that a "further rapid price rise" might diminish demand for goods and "precipitate an early and severe price collapse, with serious economic and social consequences." Steelman urged against a general round of "large" wage increases at this time.

The report stated about 900,000 or nearly half of those unemployed, are veterans. "It is the nation's responsibility," Mr. Truman declared, "to see to it that veterans looking for jobs get satisfactory employment at the highest level of their skills and at good wages."

CPO Surgeon to Receive Discharge

CPO George "Lee" Surgeon, soon to be discharged after six years of service in the navy, is expected to arrive this afternoon by plane for his first visit to Salem in two years. He will be accompanied by his wife and daughter.

Surgeon, the son of Mr. and Mrs. George O. Surgeon, Kingwood Heights, has just returned from Midway to Mare Island, Calif. He expected to receive his discharge in about three weeks, his parents have been informed.

Man Believed Drowned In Horseshoe Lake

Disappearance of a man, whose kayak was found floating upside down on Horseshoe lake, near St. Paul, was being investigated early today by state police and the sheriff's office. The missing man drove to the lake in a car registered to Chester L. and Ida O. Carey, of Burns. He was said to be a frequent visitor at the lake, but no one knew his identity.

Bean Grower Needs Helpers

A bean grower harvesting a late crop near the city airport has requested the farm labor office for 40 pickers, the office reported Thursday. Trucks will pick up workers at the farm office today and Saturday between 6:30 and 7 a.m.

Carrot pullers also are needed in the north end of the Lahish area and in the Jefferson area, the office reported.

U. N. Council Avoids Issue

LAKE SUCCESS, N. Y., Oct. 3 (AP)—The United Nations economic and social council, driving toward adjournment of its three-week session, sidestepped action today on the proposal of a plan for the reconstruction of war devastated areas of Europe.

This proposal, called for creation of an economic commission to coordinate the economy of Europe as a whole and to aid the individual states.

Unable to overcome strong Russian opposition to the proposal, the council voted to delay action until the next session.

600 REGISTER TO VOTE
Approximately 600 elections registrations were taken in yesterday and Wednesday at the Marion county clerk's office. The books close at 8 p.m. Saturday.

Lilienthal May Head A-Board

WASHINGTON, Oct. 3 (AP)—President Truman named David Lilienthal, chairman of the Tennessee valley authority, today as a possible appointee for the atomic control commission, and drew an immediate declaration of war from Senator McKellar (D-Tenn). "I will do everything that I can to see that he is rejected," McKellar told reporters who advised him of the president's news conference statement that Lilienthal is under consideration.

Senator Lucas (D-Ill.) took the other side, telling a reporter: "I don't think the president could select a better man."

Boy Scouts Make Telegraphic Sets

Two telegraphic signal sets were made by Boy Scouts of troop 12, at the home of Jeane Davie, senior patrol leader, last night. Regular meetings are held from 7 to 9 p.m. each Thursday at the Veterans of Foreign Wars hall at Hood and Church streets. There are still some openings for boys in the troop.

CHINCHILLAS FLOWN HERE
W. J. LaMar received a shipment of eight chinchillas from South America Wednesday via United Air Lines. Valued at \$1200 per pair, the chinchillas were imported for breeding and fur bearing. LaMar will keep them at 215 Park lane.

Big 4 Agree to Limit Debate

PARIS, Oct. 3 (AP)—The four-power foreign ministers council agreed tonight that the work of the peace conference should be speeded by limiting to one-half hour the speeches of each of the 21 delegations on each of the five treaties, a French source said. The ministers instructed Jacques

Fourques-Duparc, secretary general of the peace conference, to prepare complete rules of procedure for the conference's closing stages. These proposed rules will be based on principles agreed upon at tonight's meeting of the Big Four.

STATE EMPLOYEES TO MEET
A meeting of the State Employees association will be held at 8 p.m. tonight at the chamber of commerce, for discussion of proposed changes in wages and hours.

TO MARION COUNTY VOTERS OUTSIDE SALEM:

The Cards are Stacked AGAINST YOU in the PUDeal

Marion County voters are being asked to approve formation of a so-called "Peoples Utility District" at the November 5th elections. Be warned against this costly scheme!

As the "come-on" the promoters are making flimsy promises that the PUDeal will provide "electricity for almost nothing."

What these promoters try to keep in the dark, what they do not tell the public about, are the thousands of dollars in new taxes their scheme will squeeze from your pocketbook as surely as night follows day, once they are successful in getting enough voters to nibble at their bait.

Nor do they tell you about the political mis-management that has plagued taxpayers and electric consumers wherever these promoters have been successful—the fat fees that go to fiscal agents, lawyers, engineers and other so-called "experts" who swarm around a PUD like bees around honey.

Worst of all, they don't tell you that in the only PUDs selling electricity in Oregon, rates are higher than Marion County people now pay for low-cost, PGE-Bonneville electricity.

These big PUD gambles are worth looking into

Examine the "five cards" below which the PUDeal promoters are trying to slip the public from the bottom of the deck. And remember, in this sort of game, you can't draw new cards for ONCE YOU'RE IN A PUD YOU CAN'T GET OUT!

- CREATION OF A NEW TAX-LEVYING BODY**
All the November 5 PUD proposal does is to set up a new tax-levying agency with broad powers to assess new taxes without your further vote, to spend your money for practically any purpose that suits the PUD's fancy.
- BOND LIENS ON YOUR PROPERTY.**
Under the law, the PUD can use its taxing power to electioneer for general obligation bonds up to \$2,720,000. These would be liens loaded onto your property.
- POLITICAL MIS-MANAGEMENT.**
Promoters are in the gray when they get the public to bite on one of their PUD schemes. In the State of Washington, they have gobbled up a large part of the \$2,552,909 in taxes milked from the suffering public.
- BOND LIENS ON YOUR ELECTRIC BILLS.**
The PUD can tax you, and then spend the money to electioneer for the issuance of any amount of so-called revenue bonds. These bonds would be liens loaded onto your electric bills.
- HIGHER PUDEAL ELECTRIC BILLS.**
The only two PUDs now selling electricity in Oregon, the Central Lincoln County and the Clatskanie PUDs, both charge higher rates than Marion County citizens now pay for low-cost PGE-Bonneville electricity.

KEEP WHAT YOU HAVE

1. Low-cost Bonneville Power.
2. Local, non-political management of your electric system.
3. Regulation of electric rates and limitation of profits by your own state government.

VOTE 319 X NO

Against the PUD Gamble Nov. 5
