METROPOLITAN

GRANGERS SHAPE THE PATTERN of OREGON'S DEVELOPMENT

Grange achievements that have made Oregon a better state in which to live:

- ✓ R. F. D. Routes
- ✓ Direct Election of Senators
- ✓ Cooperative Marketing
- ✓ Better Roads
- ✓ Improvements in Education
- ✓ Graduated Income Tax
- ✓ Improved Marketing
- ✓ Low-Cost Light and Power

Livestock is big business in Oregon—and Grangers have a big stake in the industry.

According to the bureau of agricultural economics, Washington, D. C., gross farm returns in Oregon from livestock and livestock products for the year 1945 totaled \$136,431,000. This is real wealth, created by farmers, spent in the channels of Oregon trade, benefiting progressive citizens who, like Grangers, take pride in building a great commonwealth.

Thirty thousand alert, forward-looking farmers are members of the Oregon State Grange. They are directed by these common motives—better living and working conditions; a very real desire to continue shaping the pattern of Oregon's development for the good of all.
