## Grain Rally Tops Losses

CHICAGO, Oct. 26 (AP)—Grains rallied toward the close of the session today, cancelling early losses and replacing them with gains in some cases. Final prices were mixed.

**Brush College**—Housewarming was held at the home of Mr. and Mrs. Lawrence Kosack this week. The host and hostess served a large dinner and then all joined in games.

**Jefferson**—The high school skate was held at the Albany Skateway Tuesday. The school bus took them to Albany.

**Hazel Green**—Fibbert and walnut harvesting will be completed in a week.

Spurring the upturn was a short-covering movement in the November oats contract and some buying of wheat based on reports that an early settlement of the maritime strike was foreseen. It was felt this later development would be to re-open the export movement of grains.

Wheat closed unchanged to a cent higher, January \$2.02. Corn was  $\frac{3}{8}$  lower to  $\frac{3}{8}$  higher, January \$1.36 $\frac{3}{4}$ , and oats were  $\frac{1}{4}$  lower to a cent higher, November 82 $\frac{1}{2}$ - $\frac{3}{4}$ .

Creating support for wheat was announcement of somewhat higher commodity credit corporation buying of the bread cereal than the trade had expected. Purchases between Oct. 17 and Oct. 24 totaled 4,560,000 bushels.

Flour business continued small and well below what had been

expected with removal of ceilings on that commodity. Traders, however, noted that stocks of wheat in merchant mills on Oct. 1 totaled only 114,000,000 bushels, the lowest in any year of record.

**SAWMILL DESTROYED**  
GRANTS PASS, Oct. 26. (AP)—Fire destroyed sawmill No. 2 of the Moore Lumber Products Co. last night at a loss estimated by company officials at \$50,000. The plant was  $1\frac{1}{2}$  miles south of O'Brien.

DO YOU SEE  
A BOY WITH  
A "ONE-TRACK"  
MIND . . .

OR THE PRESIDENT  
OF A GREAT AMERICAN RAILROAD!

You've known a number of youngsters with one absorbing hobby . . . one special interest or aptitude . . . or one outstanding "gift." But how often have you seen these natural interests and talents nurtured to grown-up success? Not often enough! That's because their development, as a rule, takes training and education . . . many years, and many dollars. Dollars that most of us find hard to save.

That's one of the reasons why hundreds of thousands of American families, for three generations, have chosen to buy their boys' (and girls') needs from Montgomery Ward. They've learned that at Wards . . . year in, year out . . . they get good quality, wide assortments, and PRICES THAT SAVE THEM PLENTY!

Next time, before you buy your youngster's clothes at a more expensive store, COMPARE AT WARDS! Come in . . . and check the savings for yourself. (You'll often find identical merchandise, from the same manufacturers, sold by Wards for less.)

Before you leave, picture your total Ward-savings . . . over a 10 or 15-year span . . . invested in your child's own future. (An investment your child will thank you for, in years to come!)

**EMT SHIRTS**, in a gay variety of school-stripes, long sleeves, crew necks, and reasonable prices. Sizes range from 4 to 18.

**PART-WOOL SLACKS**, Wool enough for warmth, tough enough for daily wear. Mostly blues and burgis; sizes 4 to 18.

**COTTON SPORT SHIRTS**. Choose from cheerful, youthful plaid, blue or tan. Convertible collars. Sizes 10 to 18.

**GLOVES AND MITTENS**. Fabric and leather. In a wide variety of colors. Sturdily made; thrifty priced. 6 to 8.

**SWEATERS**. Pullover or coat style. Bright designs . . . some with solid-color backs and sleeves. Sizes from 4 to 18.

**WESTERN-STYLE BELTS**. (Plain or embossed.) Rustle steerhide, rugged as a bronc-buster. Waist sizes 22 to 32.

## TO THE CITIZENS OF OREGON

We have a story to tell which we feel is of vital interest and concern to you as a free American citizen. First, we want to identify ourselves. We are the Used Car Dealers of Oregon who have banded ourselves together for the mutual protection and the protection of our customers.

- 1 Like you, we are plain ordinary citizens of our State. We, like you, the butcher, the grocer, the white collar man, the laboring man and the farmer work and live here.
- 2 We, as a class, are distinguishable from you only that we buy and sell used cars for a living.
- 3 We, like you, work so that we may make a living. To be successful, we must be shrewd, but to stay in business and keep your trade, we must be honest.
- 4 We are not outcasts in the automobile field.
- 5 We are not an outgrowth of the war. We are as old as the automobile industry itself. We are a necessary part of the distribution system of the automobile industry. We are not the enemy of the new car or franchise dealer.
- 6 Our field is highly competitive, as you well know from your own experience gained when you decided that you were going down "automobile row" to do a little "car trading."
- 7 In the past, we, as a group, have never been organized. We believe in the policy of live and let live.
- 8 Now, however, we have been attacked, as a body, by some irresponsible persons, and persons in Government bureaucratic offices who label us as being dishonest, unpatriotic, greedy and gyp artists.
- 9 In short, we, the Used Car Dealers, are the "villains." Well, folks, we have decided to fight, but fight fair. Because we have absolute confidence in your judgment and fairness, we are taking this method of stating our case to you. Trade with the Used Car Dealers who display this ad, and be assured of an honest, fair deal.
