**You Can't Pay public employees public building costs school teachers with delinquent TAX NOTICES**  
**Look at the Price Tag before you VOTE!**  
**STOP, LOOK, AND REMEMBER!**  
Remember when our counties were knee-deep in delinquent taxes? We learned then that you can't pay public building costs... you can't pay salaries of school-teachers and public employees... with delinquent tax notices. Let's not repeat past mistakes, with expensive tax measures we can't pay for! If we keep taxes within reason, we'll be sure they're PAID... not Delinquent!  
**Go Slow! Danger Ahead!**  
Yes, we must watch our step! We must not incur tax burdens which will be millstones around our necks for years to come. Above all, let's remember this: **INCOME TAXES WILL NOT COVER THE BILLS, UNLESS THEY ARE GREATLY INCREASED!** Therefore, these tax measures would mean heavier property taxes!

**"Reckless Spending"**  
During the next few years, especially, it will be urgently necessary for city councilmen to be cautious about spending the people's money. Taxes are abnormally high, LOOK AT THIS YEAR'S TAX STATEMENTS.  
Waste and needless spending must be eliminated to keep taxes to a minimum. Mr. LeGarie has the background and business experience to meet these requirements.  
He does not believe, as does his opponent, that it is necessary to waste \$4000 of the people's money for the purpose of hiring alleged experts to show our new city manager how to manage.  
We do not need a manager to manage our city manager.

**2 + 2 = .79**  
**Do you agree with arithmetic like that above? Neither do we!**  
It's a sample of the PUD promoters complete disregard of facts. Either through gross ignorance or deliberate prevarication (we suspect the latter) these promoters are attempting to dupe the people of Marion County who must vote on the Marion PUD proposal November 5th.  
**You Be the Judge**  
In one piece of PUD propaganda labeled "Power Facts" the PUD promoters recklessly state that the average electric rate charged by PUDs is .79 of a cent per kilowatt hour.  
**BUT** in another piece of propaganda labeled "Meet Peter PUD" they list the average rates of PUDs as follows:  
Grays Harbor . . . . . 1.86c  
Cowlitz . . . . . 1.6  
Pacific . . . . . 2.21  
Kittitas . . . . . 2.97  
Wahkiakum . . . . . 2.67  
Lewis . . . . . 3.73  
Clatskanie . . . . . 2.56  
**WE LEAVE IT UP TO YOU—IF YOU CAN FIGURE THAT THE ABOVE PUD RATES AVERAGE .79 OF A CENT WE'LL PAY YOU THE \$64.**  
Nor does the above tell the complete story of the PUD promoters' chicanery—they intentionally left out some PUDs, such as the one in Central Lincoln County, which have rates SO HIGH THAT THEY DON'T DARE ADVERTISE THEM.  
**Do You Believe in Fairy Tales?**  
"Peter PUD" is the latest trick pulled by the promoters to fool the public.  
According to the most recent PUD campaign literature, "Peter" is Paul Bunyan's kid brother—a veritable hero who is going to SAVE YOU FROM THE WICKEDNESS OF THE AMERICAN WAY OF LIFE, and bring to you a SOCIALISTIC UTOPIA WHERE YOU CAN ALWAYS HAVE A JOB WITH THE GOVERNMENT!  
Of course, Paul Bunyan is a legend—a FAIRY TALE! And since "PETER PUD" is in the same family HE MUST BE A FAIRY TALE TOO.
