Association of Counties Plan Portland Meet

Discussions on public welfare funds, roads, highways and land grants will be among items of interest at the state convention of the association of Oregon counties which begins this week in Portland, according to Marion County Judge Grant Murphy, attending delegate.

County Commissioners Roy Rice and Ed Rogers also will attend the three-day convention which begins Monday. Judge Murphy is a member of the convention executive committee and Commissioner Rice is a member of the resolutions committee.

The 35 county judges and their commissioners are expected to draw up a request to the federal government asking for some sort of payment on federally owned land in Oregon in lieu of taxes, Judge Murphy stated. Almost sure to come up at the convention will be action on requesting transfer of approximately 2,000 acres of the federally owned Oregon and California land grant lands in the Silver creek falls area to the Oregon state highway department for park purposes.

Fuel Consumption in State at All-Time High

In the first 10 months of this year 316,000,000 gallons of motor fuels were sold in Oregon, an increase of 25 per cent over the

The Statesman, Salem, Oregon, Sunday, December 8, 1946

previous all-time high in 1941. Secretary of State Robert S. Farrell, Jr., announced Saturday. This fuel was estimated to have powered Oregon cars more than 3,784,000,000 miles. The state netted \$14,000,000 in tax revenue from its sale.

UNION ON OKINAWA

WASHINGTON, Dec. 7. (AP)—Okinawa, site of the last major battle of world war II, is being unionized. The national federation of fed-

eral employees, an independent union, reported today that a charter has been granted for a local on Okinawa to include civilian employees of the army engineers.

B.F. Goodrich
TIRES • BATTERIES

Production Is High!
Demand Is Higher For The Tire That
OUTWEARS PREWAR TIRES

The new B. F. Goodrich Silvertown has made such a hit with car owners that they're telling all their friends! That's why we have been so busy taking orders from eager motorists who insist on getting the tire that OUTWEARS PREWAR TIRES. They are convinced that the wider, flatter tread—which puts more rubber on the road—wears more evenly and lasts longer than the treads of wartime or prewar tires. The tire body was redesigned and engineered to take this more rugged tread by using sturdier cords and more of them. It's 35% stronger, and is better able to resist road shocks and bruises. Big cars, small cars, and new cars in all types of service—all will get better mileage with this new tire. If your needs are immediate, see us... we'll do our best to keep you rolling.
