Court Decision Accentuates Problem

The decision of the state supreme court upholding a decision of Circuit Judge Martin W. Hawkins of Portland denies to III all categories, from 20 to 75%. the state public welfare commission authority to compel coun- Amends law on advisory council to the state public welfare commission authority to compare the board of health, to increase method ties to make tax levies to meet their portion of costs of public bership from 8 to 11 and provide such membership must include representa-tives of the consumers of hospital serity and tax-levying authority are reposed in the county budget vices commutee and the county court. As a result of pressures of the state tax commission increased public welfare costs were sucking up disproportionate shares of the increases in levies permissible under the six per cent limitation. Present estimates are tax of consolidated school districts, said to exceed in some cases the tax-levying authority of counties

But while the decision is "good law," it does pose another ss s-(Sen. McKay)-Adding state director of veterans affairs, one emserious financial problem for the state. Already distraught for lack of funds to balance the appropriation for the general fund lack of finds to balance the appropriation for the general fund account, and faced with a demand for \$2,000,000 additional in and employer representatives be war deficiency appropriations for public welfare and with skeptideficiency appropriations for public welfare and with skepti-cism as to the money-producing capacity of the liquor depart-scribing that U.S. war department ment for the next biennium which is the chief source of revenue in proceedings before state agencies for public welfare the legislature is ill-prepared for this new and courts involving death or disapheadache

Above the state is the federal government which shakes a sB 67-(Rev of laws com) - Es-tablishes proof of attested writing other warning finger and says that standards must be preserved er than a will in same manner as proof throughout 'he state-or else, the "or else" being the threat of or unattested writing so that signer w "ndrawal of federal participation. This would be fatal to the program of assistance to the aged, blind, and dependent children Some way will have to be found to avoid this catastrophe. unauthorized wearing of uniform

What is clear is that our spending structure has far out-grown our income system. Lake a lanky, six-footer trying to wear boy's clothes Oregon has simply grown too fast in its expenditures and assumed obligations to get along within the show sa 264 - (Judiciary com) - In perturbetes and assumed obligations to get along within the initial obligations for get along within the set by the constitution and by past practices. Per-haps the worst part of the difficulty is the inability of the legislature to make any decision with assurance it will stick. Every tax measure must face a possible referendum—which missis the legislature in levying new taxes may be merely in a south of the different of hudrand's makes possible referendum. shineling wind

In the past the people of the state have shown common Allows school districts to incur debts se a when the issues were clearly presented and the necessities up to 10 per cent of total assessed val-uation of all taxable property in school district until July 1, 1949, and raises it's pest to work out a sensible program, avoiding as far as base of valuating to at least 60 per cent it's best to work out a sensible program, avoiding as far as of cash value. provide any temporizing and then be prepared to defend it ADOPTED HJM IS - (Military affairs com.)belie the people if it is attacked.

Do the people want public welfare to be demoralized? Do they want schools to suffer from strikes or from teaching tomanial.ed instructors"

Do they want mimates of our institutions to be housed in firstiaps, slowded into wards and deprived of humane treat-RE-ADOPTED (senate amended):

Do they want our higher institutions of learning to degene-the mediocrity, with makeshift plant and facilities of in-ation? rate into mediocrity, with makeshift plant and facilities of in-Still in Taken

Of course not. They have indicated by their voting they want docat progressive government. Then they must provide the for its necessary to provide government services of that type. INTRODUCED It will not do to boil the land out of the barrel staves. The people will have to put more grease in the barrel.

The court decision and the immediate problem it creates the big problem of state finance which the shatter faces, the solution of which prevents the assembly in moving swiftly to adjournment. The dourd decision and the immediate problem it creates the big problem of state finance which the shatter faces, the solution of which prevents the assembly the big problem of the prevents the assembly the big problem of state finance which the shatter faces, the solution of which prevents the assembly the big problem the prevents the big problem the prevents the big problem the prevents the assembly the big problem the prevents the big problem the big problem the big problem the prevents the big problem the big problem the big problem the big prevents the big problem the big pr leg-lature faces, the solution of which prevents the assembly fi in moving swiftly to adjournment.
