Stocks Start Month in High

NEW YORK, April 1. (AP)—The stock market today started the new month with a selective recovery shift led by aviation, motors and steels. Many pivots, though, continued to stumble.

Professional short covering and bidding was credited partly to the technical comeback was in the cards after three successive losing sessions. Another pleasing batch of earnings and dividends was helpful.

The coal mine holiday and a threatened telephone strike provided a restraining influence.

Transfers of 770,000 shares compared with 720,000 Monday.

The Associated Press 60-stock composite was up .1 of a point at 65.4 owing to a few wider swings of key issues.

Stayton Mother Receives Awards Won by Her Son

STAYTON—A letter from the war department was received recently by Mrs. Claud J. Lewis, mother of Lt. Darel D. Lewis, officially declared dead in February, 1946, after having been listed as "missing in action" over Austria since Jan. 20, 1945.

The letter listed medals and citations to which he was entitled. He received the air medal with one oak leaf cluster "for meritorious achievement in aerial flight while participating in sustained operational activities against the enemy from Aug. 6, 1944, to November 19, 1944, with the 15th air force, 739th bombing squadron, 454th bombing group.

The purple heart was awarded when he received wounds when his plane was shot down in September, 1944, and he was "missing in action" for five days.

Because he paid the supreme sacrifice, Mrs. Lewis has also received the purple heart certificate, and a presidential citation awarded posthumously, signed by President Harry S. Truman.

In addition he was entitled to wear the American theatre ribbon; European-African-middle eastern ribbon with one silver star for service in the North Apennines, northern France, Rome - Arno, southern France and air combat Balkans campaigns; World War II victory ribbon; distinguished unit badge; aviation badge; pilot and marksman badge with pistol bar.

It was explained that although the American theatre, European-African - middle eastern theatre and World War II victory medals have been authorized, only the ribbons representing these medals are available for issuance.

Lieutenant Lewis was the pilot of a B-24 and had flown 16 missions. Born at Aumsville Sept. 4, 1922, he attended Stayton grade and high school, and was graduated in 1940. He was a son of Mr. and Mrs. Claud J. Lewis.

George K. Austin of Aurora has been elected to the American Guernsey Cattle club. Austin milks 40 cows on the Champeo Guernsey farm.

The damage done by ground squirrels in Marion county is probably more conspicuous than that of any other rodent. Damage to fields and crops sometimes gets as high as 25 per cent. Ben A. Newell, assistant county agent, says as he is now encouraging farmers to pick up poison barley at the banks in St. Paul, Woodburn, Mt. Angel, Silverton and Stayton or at the county agent's office in Salem. He adds that there is no charge for the poison grain in Marion county since the county court has appropriated a rodent control fund in the budget for many years.

A. J. Wilson of Albany was re-elected president of the Linn county Poultry association at its recent annual meeting. Kenneth Arnold of Albany was elected vice president and W. W. Abraham of Shedd, secretary.
