

New Sales Tax Bill Would Cut Income Levies

(Story also on page 1.)
The sales tax bill, as it apparently will rest when given final approval today, provides for a 3 per cent tax on retail sales, exempting food sold for home consumption.
Earning further charges, the companion bill regarding income tax would specify, if the sales tax becomes operative, that \$2000 would be exempt for married persons, \$1000 for single persons and \$400 for each dependent. In event the sales tax is defeated, the exemptions in the first two categories would be halved and the exemption for each dependent would be \$300.
Voting against the sales tax bill were Sens. Belton, Jones, Lynch, Mahoney, Pearson and Wallace.
The sales tax issue has been up in Oregon several times previously, with the following results:

	Yes	No	Percentage
1932	62,663	187,512	25.1%
1934	66,677	155,132	28.1%
1936	52,186	187,319	22.5%
1938	56,697	208,776	21.7%

Meanwhile, a final accounting of the joint ways and means committee Thursday showed the state's deficit for the next two years at just under \$3,000,000. It would be increased if the \$4,000,000 cigarette tax is taken to referendum and defeated, and decreased or wiped out if other revenues exceed present estimates or if the sales tax is approved at the polls.
If a substantial deficit remains by next year, a token tax on property—to be offset by income levy revenues—will be sought at the November, 1948, election, under permissive legislation enacted earlier this week.

British Rule 2 Jews to Die

JERUSALEM, April 3.—(AP)—Two more Jews accused of terrorism were doxxed today by a military court and the four others already under sentence of death were quoted by the underground organization Irgun Zvai Leumi as defiantly renouncing appeals for clemency in their behalf.
Meier Feinstein and David Azulal, reputed Irgun members accused of taking part in an armed attack on the Jerusalem railway station last October, took the sentence calmly. When the president of the military court pronounced their fate both chanted in unison a line from a Hebrew nationalist song:
"In blood and fire Judah fell, in blood and fire it will rise again."

NEW ORLEANS, April 3.—(AP)—Acting Sheriff John Holstead of Tangipahoa parish said tonight he had been officially informed the Louisiana milk strike has been called off and union dairymen will begin to ship milk to New Orleans tomorrow morning.

Morse, Wherry Near Blows

WASHINGTON, April 3.—(AP)—Sen. Wayne Morse (R-Ore.) and Sen. Kenneth Wherry (R-Meb.) came close to blows on the floor of the senate last night over a decision by Sen. Wherry, temporary presiding officer, cutting short Sen. Morse's objections to the calling of a recess.
Morse issued a "statement of facts" today saying Sen. Wherry had asked him later "in anger" if the action was unfair. When Sen. Morse replied in the affirmative, Morse said, "he squared off in a pugilistic manner, grabbed me by the front of my coat and started pushing me backwards. To protect myself I put my books down and advised the senator from Nebraska to keep his hands off me. At that point other senators intervened and the incident came to an end."

Miners' Strike Blankets Ruhr

ESSEN, Germany, April 3.—(AP)—Crowds demonstrated in more than a score of the Ruhr's cities and towns today in support of 300,000 miners whose 24-hour strike over food shortages brought the area's giant coal industry almost to complete standstill.
British occupation authorities made no attempt to intervene in the mass protests over the food situation. No disorders were reported.
British authorities described the Ruhr stoppage as almost 100 per cent complete. Reports from points throughout the industrial valley indicated that almost all the 170 mines were idle, and the one-day protest was expected to cause a loss in production of a half million tons of badly needed coal.

Head-on Crash Injures Five

Five persons incurred injuries, none serious, when cars driven by William Fisher, 17, of Dallas, and Dale Simonton, Milwaukee, collided head-on on Portland road a few hundred yards outside Salem's north city limits at about 1:30 p. m. Thursday, state police report.
Simonton and his passenger, Harold Johnson of San Jose, Calif., were taken to Salem General hospital where their conditions were described as fairly good.
Fisher and his three Dallas companions were taken to Salem Deaconess hospital. Fisher incurred a cut right hand, Keith Holdorf, 16, incurred a cracked pelvis, and Jack Cook, 17, was given first aid treatment for a face laceration.
Police said that Fisher was attempting to pass another car, headed north, when the collision occurred.

Accident Cut Said CAA Job

SEATTLE, April 3.—(AP)—Those aerial traffic cops, the inspectors for the civil aeronautics administration, are diminishing accidents in private flying, directors of the CAA's 7th region agreed at a conference here today.
Swift punishment is cooling off the enthusiasm of the "buzz boys," they said.
R. D. Bedinger, region administrator, said "low flying is the biggest cause of private accidents and heavy fines are the best way to combat it." Weather conditions are the second biggest accident cause," he added.
State directors present included Leo G. Devaney, Oregon.

Wire Walkout Notice Filed

NEW YORK, April 3.—(AP)—A nationwide strike of 50,000 Western Union Telegraph Co. workers outside of the New York metropolitan area loomed as a possibility today as the AFL Commercial Telegraphers union sent out notices of intent to call a walkout.
Jesse A. Paynes, the union president, asserted there had been a "complete collapse of collective bargaining" and accused the company of effecting "wholesale layoffs, down-grading and unilateral wage cuts."
Payne said the employees were seeking a wage increase of 25 cents an hour and a 40-hour week, plus health, welfare and pension benefits. About 50,000 workers are involved in the dispute, Payne said.

Soviet Guns in Korea Noted

SEOUL, Korea, April 3.—(AP)—Louis Saillant of Paris, general secretary of the world federation of trade unions, said today his touring WFTU party got a warmer welcome in Russian-occupied North Korea than in the American zone and that there was "far more freedom of organization" in the Soviet area.
An American and a British member of the party said living conditions were far better in the American-occupation zone and remarked on the military display in the north.
Ernest Bell of London, international secretary of the British trades union congress, said the American zone was "paradise" compared with the Russian zone and that "I never saw a place so stiff with tommy guns as Pyongyang."

Schwellenbach May Ask Veto for Portal Pay Bill

WASHINGTON, April 3.—(AP)—Secretary of Labor Schwellenbach said today that unless there is a change in the present legislation banning portal pay suits he will recommend that President Truman veto it.
Schwellenbach observed that labor department funds had been substantially slashed. He said that the portal bill in congress would bring on "a flood of law suits" concerning new interpretations of the wage-hour act.

3 Faiths Observe Rites Today in Bloody Jerusalem

JERUSALEM, April 3.—(AP)—The peoples of three faiths will offer up their prayers in Jerusalem tomorrow in the Holy Day services of each religion.
Moslems of the Islamic world commemorate the day for the death of the prophet Moses, as Jerusalem's Moslems make the annual pilgrimage to the small desert shrine near Jericho where Mohammed's adherents believe Moses lies buried.
For Jews it is the 3395th anniversary of the date Moses led his people out of Egypt.
Christian services in this troubled land commemorate the day on which Christ was tried, scourged—and crucified and include a symbolic procession along the Via Dolorosa (Way of Sorrows) which is believed to correspond to the path He trod when He shouldered His cross and was led to Calvary.
