

### Long Session Of City Council Held Monday

SILVERTON—City council, in session until almost midnight Monday, heard reports, discussed much but reached few final decisions, postponing many until a special meeting to be called by Mayor George Christenson.

The mayor and Manager Robert Borland were authorized to sign the contract with Silverton's rural first district, calling for protection at \$2000, paid in two installments by the rural district. Borland was also authorized to obtain handcuffs, Sam Brown belts, and badges as requested by the police department, to purchase a tar kettle for street repair work, grade Madison street through to Peach, as well as North Third street for which property owners had petitioned.

Members of the council voted to halt grading streets for residents, after those petitioned for are completed. In former years, property owners paid for their own grading, but during the war, in order to facilitate getting streets paved, the city did the grading and property owners paid for it.

Tabled were a request from John Mrs. P. Showalter to purchase a 20-foot strip along Brook and Alder street for \$75; request by H. J. Lehr to dump into Silverton's disposal plant refuse from the septic tanks he cleaned; a bid from Ed Woore of \$500 for lot 16 in Parkside addition; bids for re-roofing the city hall; request from John Bascue, city employe, for a raise from 90 to 95 cents an hour.
