Allstate traction grip and safety tread tires and tubes are fleet-tested. They are put through grueling tests, then laboratory-checked and improved by engineering research, to make them as fine a tire as money can buy. Specially designed zig-zag tread resists skids and side-slips. Husky construction fights blowouts, gives long wear. Tremendously tough cord has high-tensile, low-stretch; super-strong bead wire that never stretches, holds your Allstate tire on the rim. Every Allstate tire and tube is guaranteed free from defects in workmanship and material. Because they are constantly tested and improved for better performance, you are assured maximum quality, wear and safety from Allstates. Get them today!
