Nice Goin', Hal

It's time to throw a few bouquets out State Deaf school way where Hal MacAbee has done a bang up Job as coach and athletic Bearcat Netters director for a school whose kids were too long athletically underprivileged. Hal this year introduced football and track out on Cherry avenue and produced the individual star of the recent Marion B oval meet in Delbert Kessler. OSD basketball teams took part in three church leagues and boasted a fine record.

Hal's put OSD sports on an independent financial basis and a result has been adequate qeuipment for the kids and contemplated enlargement of the present gym. State funds weren't forthcoming for a cinder track so MacAbee took the shortest route—he and his kids employed everything from shovels to the neighboring farmer's plow and built one themselves.

Incidentally, MacAbee, a former Willamette athlete, is leaving his OSD post at the end of the present term with the intention of finding a high school mentoring job in this area. Any of you schools round-about with a vacancy looming would do well to contact Hal . .
