Mt. Angel Has 55 Graduates

MT. ANGEL — Addressing a class of 55, one of the largest Mt. Angel Academy and Normal graduating in recent years, Father Alcuin said "The only foreigners in our land are the athletes." He went on to say that America was born because of religion because our forefathers sought this land to find place where they might worship God as they wished.

"And next to religious freedom," he continued, "there is no greater institution than the public school. And yet there are men and women who take time out on funds supplied by taxes taken from the American people to tell students 'there is no God.' Our constitution does not permit teaching of a particular belief of any group in the public school but if we are to keep faith with our forefathers and the principles for which they founded this country, the teacher of the public school should lend his aid in leading the youth of the land in belief in God and the moral code built on the ten commandments."

The Rev. James Koessler, OSB, conferred the diplomas. The school orchestra played the processional and recessional. Vocal trios were sung by Leona Jones, Laura Ann Schwab and Jeanne Mills accompanied by Stella Dummer; violin solo by Delores Keyes; vocal solo by Leona Jones.
