MEETING SLATED

A meeting of county and city officials, called by the Marion county health department will take place this afternoon in the Marion county court rooms. Purpose is to discuss the new law passed by the 1947 legislature providing that detention quarters be provided for persons apprehended for an insanity examination. Scheduled to attend the meeting are Circuit Judges E. M. Page and George Duncan, Sheriff Denver Young, Salem Chief of Police Frank Minto and the county court members.

New discovery in a way to hear. A new star appears in the field of electronic hearing aids. It is a completely new, completely revolutionary hearing instrument... as different from early models as today's radio is different from the first crystal sets. It includes all the wonders of war-born electronics... a revolutionary circuit which helps to screen out annoying scratchy noises and catches every word, every note, every sound with perfect fidelity. Whether you now own an old hearing aid, a comparatively new one, or none at all, you owe it to yourself to know about this new development. James Taft & Associates, 218 Oregon Bldg., Salem, Oregon, one of the Pacific coast's largest distributors of hearing aids, are so proud of this achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable device in your own home without risking a penny. Write them today.

DIMES STILL BEING USED

Though the public has been advised that dimes should not be inserted in parking meters, the amount of dimes collected during the past week, ending June 27, totaled \$11.20. This is largest total amount of dimes to date, even though dimes give the same parking time as a penny. Total amount collected last week, according to the city treasurer's office, was \$1,912.50, with \$685 in pennies, and \$1,216.30 in nickels.
