### Firm to Interview **Applicants Here** For Jobs on Guam

The large number of inquiries received as to work on Guam have led William H. Baillie, Salem manager of the state employment service, to expect a full house of interviewees Monday afternoon when a representative of the Brown - Pacific - Maxon construction firm arrives here to recruit workers. Some women have asked the possibilities, but must be turned down, he said.

Applicants are to be sent here from other job offices over the valley to see F. D. McCormack of San Francisco, who will be here

The company, said Baillie, wants to serve as office and safety engineers, draftsmen, foremen, cardrivers and other crafts.

• We sigh regretfully and admit that Arabella is a figment of the imagination. But if she did exist-and if she should drop pins in the area where our skilled Registered Pharmacists are at your service-well, you could almost hear 'em hit the floor; the pharmacists are so well trained and efficient.

To us, it seems important to protect persons performing exacting tasks from unnecessary disturbances and distractions. If you feel that your Doctor's orders should be executed in such a professional atmosphere, we invite you to bring his next prescription here for our careful compounding.

DR. PAINLESS PARKER SAYS:

"You can get Dental Plates. Bridgework, Fillings, Crowns, Inlays, Extractions on credit payments to suit your convenience; weekly or monthly budget terms."

## Poor Teeth Impair Appearance

Disfigured or missing teeth can keep you from looking your best; often give people a sour, unhappy look because they are ashamed to smile. Get needed dental work now; pay as you are paid.

## More Natural-Looking

Made with the materials all dentists recommend for faithful reproductions, modern plates are lighter, more lifelike. Translucent teeth of the same color hue, same density of shading and size of your own teeth make plates look more natural.

## Appointment Necessary

It is not necessay to make an appointment for a complete examination of your teeth. If this examination indicates that dental work is needed, it can be started at once, without delay. And you can arrange payment on a weekly or monthly basis.
