Slow Recovery

NEW YORK, Aug. 5-(4P)-Stocks negotiated a half-hearted recovery today behind selected motors, steels, rails, assorted industrials although dealings remained relatively sluggish and many market leaders failed to participate.

Professional short covering and timid bidding was credited mainly to hopes the summer advance still had some distance to go and that relapses such as that of Monday were largely of a correctional na-

Extreme gains running to 2 or more points were reduced in the final hour and a number of pivotals slipped to the minus ranks. Transfers of 750,000 shares compard with yesterday's low of 730,000.

The Associated Press 60-stock composite was up .3 of a point at 63.6, remaining half of the loss

of the preceding session. Packard Motors continued the liveliest mover on 43,000 shares and finished off 1/8 at 47%, a bottom for 1947. The company reported a substantial loss for the first six months.

Heat Drops Grain Prices

CHICAGO, Aug. 5-(AP)-Weather was the chief factor in grain trade today, and the prospects for a break in the present heat wave resulted in lowr prices.

Corn was the dominating factor in trading, other grains following its lead. Yesterday's advance to an all time high, when September corn sold for \$2.22% was followed today by losses of as much as 5 cents at times, but a long range weather report which predicted above normal temperatures over a great part of the corn belt developed a late rally. At the close wheat was 2 to 31/4 cents lower than the previous elose, September \$2.32 - 2.32 1/4. Corn was 2 to 31/2 cents lower, September \$2.19 1/4-1/2. Oats were 21/2 to 31/4 lower, September
