

5-Year-Old Involved In Auto Accident

Five-year-old Bill Hager, 875 Cross st., was hit Friday evening by a light truck driven by Ralph Miller, Salem route 8, as he ran across Edgewater street in West Salem near the inter-county bridge, it was reported by West Salem police. Salem first aid men who took the lad to his home said the boy was not seriously injured.

Japs to Enter World Trade

WASHINGTON, Aug. 8.—(AP)—Japan's re-entry into world trade was signaled tonight by announcement of a listing of 205 "made in Japan" products now available for export in quantity. The commerce department said it was "understood" that September 1 is the tentative date on which American businessmen may enter into purchase or sales contracts.

The listing was received by the department's office of international trade from General Douglas MacArthur, supreme commander of the allied powers. It is the first detailed report of estimated stocks on hand. Included are such various items as 26,000,000 yards of silk fabrics, 95,000 gross of Christmas decorations and 80,000 pounds of frozen frog legs.

Heat Back on Midwest Menu

CHICAGO, Aug. 8.—(AP)—A new heat wave started moving into the sun-baked, heat-plagued Midwest Friday. With the toll of deaths attributed to this week's heat wave growing to 145, temperatures were going up in the great plains states and forecasters said readings in the high nineties were in prospect for most of the midwest by Sunday. They said the new heat wave would last only some 48 hours, however.

A cool air mass from Canada afforded temporary respite in most mid-western states Friday, but the only moisture was in widely scattered thundershowers. The late-planted corn crop still was in need of a general soaking rain.

Hops Demand More Pickers

Early hops are demanding at least 150 more pickers for the Silverton-Mt. Angel area by Monday morning, the Salem farm labor office announced Friday. The crop is "good," according to Mrs. Gladys Turnbull, farm labor assistant. Transportation is furnished from the office between 6 and 7 o'clock each morning, but more drive-outs are needed. The latter may call the farm labor office to be referred to the nearest hopyard.

Two other crops for which picker demand is high are blackberries, to start Monday in several fields, and beans. Twenty-two new orders for pickers have been submitted this week by bean growers, according to Mrs. Turnbull. For the sake of convenience, one grower is seeking women to pick and will provide transportation from points in residential areas. Women interested were advised to call Mrs. G. J. Webster at 2-4036.

JAVA TRUCE VIOLATION
BATAVIA, Java, Aug. 9.—(AP)—The Dutch army said today that 300 armed Indonesian republicans had attacked a Dutch outpost near Soerabaja, East Java, and others had attempted infiltrations elsewhere in Java despite a cease-fire order which went into effect last Monday midnight.

Greek Girl Guerrilla Captive

ATHENS, Aug. 8.—A girl member of guerrilla forces opposing Greek troops in Macedonia slumps dejectedly in a truck bringing her to Kozane after her capture during a guerrilla raid on the village of Grevena in which more than 100 members of the attacking force were killed. Man on stretcher at left died during trip to Kozane. (AP Wirephoto to The Statesman.)

'Slight' Error Sends Wrong Car to Brazil

WASHINGTON, Aug. 8.—(AP)—John Costianes' car is on the high seas bound for Brazil today because a woman driver made a slight error. Costianes, a restaurant owner, has a black 1946 Buick. Lt. Col. Jose Vicente de Faria Lima, assistant air attaché for the Brazilian aeronautics commission, owns a black 1947 model of the same make. Mrs. Othella Pompier, secretary of the commission, was to have driven Lima's car to New York for shipment to Brazil. She parked it on the street to do some last minute shopping, but then returned to Costianes' car, parked nearby. She thought it odd that the ignition key didn't fit, but called a locksmith who quickly fixed it, drove the car to New York, and saw it off on a freighter. When the story came out, police found Lima's car still parked where Mrs. Pompier had left it.

Village Council Bars Temptation

SEATTLE, Aug. 8.—(AP)—Citizens of the community of Houghton have "taken the pledge" in advance. There never has been a tavern in the war-born community, where the Lake Washington shipyards operated, and the town council assured today that there shall not be. It passed a zoning ordinance to bar the bars. It also prohibits dance halls, skating rinks and other establishments for light-hearted frolicking. Except for established zones, the east side lake community is slated for a quiet future residential role.

Elevator Man Killed as Ring Snags Grille

CHICAGO, Aug. 8.—(AP)—Joseph Cichowski, 22-year-old elevator operator, was crushed to death today when his wedding ring caught in the open grillwork of a shaft door while his case was descending. Police Detective Ben Benson said that Cichowski, hired three weeks ago as an extra operator at a downtown office building, had already started the elevator downward from the 11th floor when he noticed that the sliding shaft doors were not completely closed. In attempting to close them, the youth caught his ring on the grillwork and was pinned between the ceiling of his car and floor ledge, Benson related. About a dozen horrified passengers in the car, including six women and a child, watched helplessly.

Ball Team on Missing Plane

KODIAK, Alaska, Aug. 8.—(AP)—Seventeenth naval district headquarters disclosed tonight that 13 of the 20 men aboard a navy PBV-5-A which has been missing since Wednesday were members of a military post softball team, returning from an Alaska-wide tournament at Kodiak. A crew of five was flying them, along with two other navy passengers, back to Dutch Harbor after the tournament. Seven of them were from Dutch Harbor navy base and six from the army installation at adjacent Fort Mears. They were on a joint army-navy base team. Despite dwindling hopes, a concerted search was intensified today.

American Airlines Experiment Plane Crashes; 3 Perish

NEW YORK, Aug. 8.—(AP)—A two-engine American airlines radar experimental craft plunged into the East river off La Guardia field tonight and three of five airline personnel aboard were presumed to have perished. The plane, a type used in commercial passenger service but carrying only airline personnel, was just taking off for Buffalo, N. Y., on a trip to experiment with radar, when the crash occurred. An airline spokesman said one of the two engines failed on the takeoff and that the pilot, Capt. Walter A. Davidson, apparently attempted to land but overshot the field.

3 Charged with Reckless Driving

Ruth Lorene Turnidge, Jefferson, Emil Lee Veer, 1185 Elm st., West Salem, and Jim Loucks, Scio, each posted \$25 bail Friday night after being arrested by city police and charged with reckless driving. According to police reports the three cars were racing on Center and Chemeketa streets.

Austria Scouts At Jamboree

JAMBOREE CITY, Moisson France, Aug. 8.—(AP)—Youth put the war behind it today as 269 Austrian boy scouts — banned for years by Hitler — marched in to take their places in the sixth international boy scout jamboree and received the salutes of scouts from allied countries. With the arrival today of scouts from Norway, the Netherlands, Liechtenstein, the contingent brought to 11,137 the number of foreign scout already mingling with a slightly greater number from France who will join in the two-weeks of good will festivities starting tomorrow night. Jim McAlear, 17-year-old Oregonian from McMinnville, has swapped his bullwhip for a Scot's kilt.
