PORTLAND, Aug. 28—(AP)—The Department of Agriculture today forecast this year's turkey crop in Oregon would be 20 per cent less than last season's and the smallest since 1938.

The department estimated the number of birds at 1,639,000. Despite the reduction, the total is larger than indicated by early season reports.

The department said, however, that no market shortage was expected.

## Canada Police Press Manhunt

VANCOUVER, B. C., Aug. 28—(CP)—Police late tonight were forced by darkness to call off the most intensive manhunt in lower British Columbia mainland history after beating unsuccessfully a two-square mile area in Surrey municipality, 20 miles southeast of Vancouver, for Walter Pavlukoff, 35-year-old ex-convict sought for the gunslaying of Sydney S. Petrie, 55-year-old bank manager.

## Statesman Carriers Enjoy Summer Outing

These approximately 85 youngsters are enthusiastic Statesman carriers, pictured at a picnic-outing sponsored Tuesday by The Statesman circulation staff at Paradise Island. After their "feed," ball games, races and swimming, the boys attended a local theatre in a group. (Statesman photo by Don Dill, staff photographer.)

Guards have been posted and a heavily-armed 60-man police posse is expected to press the hunt at dawn tomorrow.

Pat Ritchie said he saw the suspect run out of a chicken house early today.

The first helicopter pressed into use in British Columbia police history was waiting for the alleged slayer to bolt from his hiding place.

## Experts Declare Overells Killed By Blast Alone

SANTA ANA, Calif., Aug. 28—(AP)—Medical experts, testifying for Louise Overell and George Gollum — accused of murdering her parents — unanimously agree that Mr. and Mrs. Walter E. Overell were killed by an explosion of dynamite aboard their power cruiser the night of March 15.

Drs. Frank W. Webb, Albert Brown and Vernon Andrews, all pathologists, told the jury they could not agree with the state's contention that the Overells were bludgeoned to death an hour or two before the blast.

They testified that, in their opinion, all the Overells' injuries to the head and body were incurred in the explosion itself.

Prosecutor Eugene Williams has argued that the wealthy Flint-ridge pair were struck by a piece of pipe, then dynamite sticks were wired to a clock and that they were blown into the water while the 18-year-old Louise and her 21-year-old lover were ashore.

## Angie Knight Rites Saturday

Funeral services for Mrs. Angie Knight, widow of the late John Knight, will be held at the W. T. Rigdon chapel Saturday at 1:30 p.m. Mrs. Knight died at her home at 1885 S. Commercial st. Wednesday following a long illness.

Mrs. Knight had made her home with her daughter, Mrs. Edna Knight Taylor, for the past 15 years. She was born in Pennsylvania 92 years ago and came to Oregon from that state with her parents in 1871.

The former Angie Snyder was married to John Knight in 1874 in Salem. He was the first exalted ruler of the Salem Elks lodge and was Marion county sheriff from 1892 to 1896. In 1910 the Knights moved to Portland where Mr. Knight took the position of court crier in the United States district court. They remained there until 1930, when they returned to Salem. Mr. Knight died in 1933.

Surviving besides her daughter are a daughter-in-law, Mrs. Mildred Knight of The Dalles, and several nieces and nephews.

## Chinese Red Troops Again

NANKING, Aug. 28—(AP)—Communist forces of Gen. Liu Po-Cheng, ripping deep into Chinese government territory, were reported on the rampage today within 150 miles north of the big city of Hankow.

Only 20 days ago government reports had the one-eyed Liu and his army pinned against the flooded Yellow river in western Shantung province. Liu broke out to the southeast.

The government's central news agency acknowledged the loss of Hsihsieh and Hushih, but said the government garrison still was holding Sintai, some 30 miles farther north, indicating that Liu might be deliberately bypassing strong points.

## Exchanges Close For Labor Day

NEW YORK, Aug. 28—(AP)—Financial and commodity exchanges throughout the United States and Canada will be closed Labor day, Monday, September 1, with the exception of the Minneapolis cash grain market.

## Opinions Unclear On Farmer Co-ops

FORT COLLINS, Colo., Aug. 28—(AP)—A national milk producers official said today that American businessmen in general are neither friendly nor antagonistic toward farmer cooperatives.

Charles W. Holman of Washington, secretary of the National Cooperative Milk Producers Federation, said at the 19th annual meeting of the American Institute of Cooperation, however, that "a selfish and unscrupulous few are attempting to use congress as a tool for striking down the cooperatives."

Holman said "cooperatives enjoy no special privileges either in taxation of income or access to federal credit."
