

possible moment.

The informants said the report, now nearing completion, would imply no criticism of the mandatery power but would leave no doubt that the present situation in Palestine can not be permitted to continue.

The committee also will stress the need for a transition period for Palestine beginning immediately under the administration of an authority responsible to the United Nations.

report would place before the assembly the choice of establishing a joint Arab-Jewish federal state or two separate states bound by economic cooperation, the informants said. They added that a majority of the committee favored the second alternative.

#### Malheur Fights **Polio Menace**

ONTARIO, Ore., Aug. 29-(AP)-An emergency medical team from Portland met with health officials here today to draft a program against the polio menace which has postponed school opening and canceled the county fair and public gatherings.

A plane continued dusting DDT over the city today. Holy Rosary hospital installed an iron lung and other equipment rushed here for a special polio ward. The five Malheur county persons already stricken with polio had to be sent but Chest Budget officials said Ontario is now

equipped to handle future cases. County Health Officer Dr. L. A. The five definite cases, in a counenough to be ranked as a "local epidemic.

#### Sen. Gibson Flies Again

CORVALLIS, Ore., Aug. 29 (AP)- State Sen. Angus Gibson, 60, soloed here today in a fourplace airplane after two weeks of intermittent training.

Gibson, who had not flown since World War I when he was a pilot in the Royal Flying Corps of Britain, renewed his interest in flying in an air tour this summer. The Lane county legislator said he would continue training until he qualified for a pilot's license.
