

NEW LAMBERSON CHARGE

California charges were brought Friday against Mrs. Eldora Lamberson, Tacoma woman now serving 90 days in Marion county jail after recently pleading guilty to fictitious check charges here. Charged with additional bad check writing in a California fugitive from justice warrant, Mrs. Lamberson appeared in Marion county district court where Judge Joseph B. Felton continued the hearing until September 10. As a result of a third check charge, to which she pleaded guilty earlier in Marion county circuit court, the woman also is under a three-year suspended penitentiary sentence.

CANDIDATE INVITED

Capital post 9, American Legion, has extended an invitation to Harold Stassen of Minnesota, candidate for the republican nomination for president, to speak before the post on September 15, Executive Secretary W. E. Begin said Friday night. No word has been received yet from Stassen, who is now on a vacation trip. He is to arrive in Oregon September 12 for a few days, to include visits to the Pendleton Roundup and Salem.

CAMP PAPERS READ

County Judge Grant Murphy Friday announced that papers are being read for the transfer of the farm labor camp property into county hands. Murphy said that the property is to be purchased from the county by Salem Agricultural Housing, Inc., a group of growers, processors and business men who will continue the camp in the interests of farm labor activities in the Salem area. Final transfer to the county is expected early next week, Murphy said.

BEALL ON LEAVE

Walter V. Beall, ETM3c, who enlisted with the Willamette volunteers in June, 1946, is visiting with his parents, Mr. and Mrs. J. W. Beall, 1010 N. 5th st., and expects to return to the naval receiving station, San Francisco, for assignment to sea duty about September 4.

Flour Selling Helps Wheat

CHICAGO, Aug. 29.—(AP)—Wheat spurred on new seasonal highs on the board of trade today, aided by flour sales to foreign governments and trade reports of a fair pickup in domestic flour business. The poor crop and food outlook in Europe provided and added stimulus for buying.

Oats moved ahead with wheat, the September contract attaining its new record peak for any delivery of this grain at \$1.12. Corn moved up rapidly toward the close.

Wheat finished 1/4 to 3 cents higher, September \$2.54 3/4 to 2.55, corn was 1/4 to 1/8 higher, September \$2.41 3/4 to 2.42, and oats were 1/4 to 2/8 higher, September \$1.12 to 1.11 1/2.

Mart Displays Week's 1st Rise

NEW YORK, Aug. 29.—(AP)—The stock market today negotiated its first average upswing of the week, as short covering preparation for the long weekend, in addition to a timid investment nibbling, gave a lift to leaders in virtually all departments.

Gains of fractions to a point or so held a wide majority at the close with a few "thin" issues up 2 to 5. Transfers aggregated 580,000 shares, the same as Thursday.

Professionals accounted for the principal bidding which was based on the hope that the recent drying up of liquidation had put the list in shape for a good rally in September.

HARLOW—To Mr. and Mrs. Carl Harlow, 6204 N. Capitol st., a son, Friday, August 29, at Salem Deaconess hospital.

Grange Urges Critical Study Of Phone Costs

The Oregon state grange Friday entered into the current public utilities commission hearing of the Pacific Telephone and Telegraph Co.'s request for increased rates within Oregon.

In a letter to the commission, released by Commissioner George H. Flagg, Grange leader Morton Tompkins acknowledged that certain rate increases probably are necessary to meet higher costs but asserted that the grange feels "this situation has been taken advantage of in many instances to obtain increased revenue."

Tompkins suggested among other investigations, a consideration of profits from the Oregon properties of the Pacific company "which have been much higher than the profits from its properties in Washington and California."

"We feel that proposed allocations of costs of the Oregon properties should be critically examined to make certain that the company has not arbitrarily assigned to Oregon costs that properly are assignable to other states," the letter read.

The letter further said any rate revisions approved by the utilities commissioner should endeavor to eliminate discrepancy between intrastate and interstate telephone rates.

"We think it is significant that while the telephone company has asked for intrastate rate increases it has made no similar request to the federal communications commission for increased interstate rates," the letter continued.

Most of the day's hearing was devoted to cross examination by state and Portland attorneys of Sam W. Campbell, P.T. & T. controller, as to specific needs of the emergency rate increase of \$2,110,000 annually which the company sought pending outcome of the present hearing involving rate increases amounting to \$2,249,000.

Augmented Credit Information Asked

A proposed ledger survey to supplement credit information on new customers was endorsed by the Salem Credit association at its luncheon meeting Friday in the Nelson building. The action was continued over two meetings, in anticipation of elimination of government regulation over credit buying.

During the discussion it was proposed that talks on credit be arranged if possible before local service clubs in anticipation of the lapsing of the government regulation. While welcoming end of the government regulation, association members indicated they do not favor unlimited or competitive credit granting.

Jefferson Wreck Victim Resting

Mrs. Bernard Herziger, Portland, critically injured in an automobile accident—near Jefferson Thursday night, was "resting comfortably" in the Albany General hospital Friday, hospital attendants reported.

C. May Moriarity, Portland school teacher, her traveling companion, died en route to the hospital a short time after their light sedan collided with a heavy truck driven by Rex Roberts of Roseburg, according to state police.

Dividend Assured On GI Insurance

Dividends estimated between 20 and 50 per cent of the total amount of premiums paid eventually will be paid to holders of national service life insurance, an announcement received Friday from Washington, D. C., informed H. C. (Hub) Saalfeld, Marion county veterans service officer.

Saalfeld said that even though the veteran has let his insurance lapse he will still be entitled to

dividends for the time that he has been in force continuously will be kept his insurance in force. Veterans who have kept their insurance however, are entitled to greater dividends.
