Grains Again At New Highs

At New Highs

CHICAGO, Sept. 10—(P)—All deliveries of all grains made new seasonal highs, and corn and oats soared to record levels once again, in another day of heavy dealings today on the board of trade. Soybeans spurted for limit advances. News from Washington and Europe, emphasizing Europe's need for financial aid and American plans to provide it, served as the major buying prop. Grain dealers pointed out that financial aid meant dollar credits with which to purchase American foodstuffs.

Trading was extremely active and may have exceeded that of yesterday, when a wheat turnover of 34,918,000 bushels was the largest since 1941. Volume figures are not available until the following day.

While best prices were not maintained, wheat closed 3%-9% higher, September \$2.78%-\$2.78, corn was ¼-5% higher, September \$2.78%-\$2.78, corn was ¼-5% higher, September \$2.78% and oats were \$2.61%-2.60%. And oats were \$2.61%-2.6

corn was 1/4-5% higher, September \$2.611/2-2.60%, and oats were 114-2% higher, September \$1.-
