

Jerold Mulkey to Write WU News

Beginning this week, Williamette university news coverage for The Statesman is to be handled by Jerold Mulkey, WU junior in journalism.

Mulkey, who is married and has two children, is a veteran of fighting in the southwest Pacific with Oregon's national guard division, the 41st, with which he

went overseas early in 1942. He is the son of Mr. and Mrs. Marion Mulkey of Salem.

VAN CLEVE ARRESTED

Robert Van Cleve, 442 1/2 Court st., was arrested by Marion county sheriffs about 10 p. m. Saturday on a warrant from Toledo, Lincoln county, charging larceny by bailee. He was being held for Lincoln county sheriffs in the Marion county jail in lieu of \$500 bail, according to the sheriff's office.

Oregon 40 et 8 Rewarded

Oregon members of the 40 and 8, fun organization of the American Legion, were recognized for their membership activities during the past year with the award of two trophies at the recent national American Legion convention in New York City. Shown above are, left and right, Kelly Owens, state department vice-commander, and Ira Pileher, Oregon grand chief de gare, telling Al Feilen, center, new Marion county voiture chef de gare, how Oregon was only state to receive two trophies at the convention. Large trophy at left is the Ferdinand Fraser trophy awarded for voiture of less than 2,000 members which first equalled full quota, and other is E. Snapper Ingram trophy awarded to voiture with largest membership exceeding previous year. (Photo by Don Dill, Statesman staff photographer.)

Student Pilot Unconscious, 'Very Critical'

Raymond P. Gascon, 21, Salem route 3, was still in "very critical condition and unconscious" in Salem general hospital Saturday night from injuries received Friday afternoon when he crashed in an airplane near the Prospect school 3 1/2 miles south of here. Gascon is suffering from a possible fractured skull, a broken and dislocated hip, serious internal injuries and cuts and abrasions, hospital attendants said.

He narrowly escaped instant death Friday when his light ship struck a tree, went out of control and turned end-over-end for 300 feet before coming to a stop, almost completely demolished. He was pulled from the wreckage by neighbor children and rushed to the hospital in the Salem first aid car.

The ship, a Luscombe Silvalire, was owned by the Capitol Flying service where the youth was taking a GI flying course. He had about 15 hours flying time according to Clemens Fischer, owner of the company.

Gascon is the son of John Gascon of Gold Hill, Ore., and Mrs. W. T. Perry, Walla Walla, Wash., route 4. He lives in Salem with his stepfather W. T. Perry.

Silverton Fires Investigated

SILVERTON, Sept. 20—Several fires reported burning in forest lands southeast of here today were found upon investigation to be all permitted fires which were set by owners in logging off properties.

Largest of these were on the Gary Neal and Halleck Furner places in the Silver Creek canyon where over 100 acres are being burned over. Across from this burn is the Forrest Turner property where 60 acres are being burned over by Willard Benson and farther up the canyon the John Jacobsen place had a set fire burning tonight. All fires are reported under control.

Airplane pilots flying over the vicinity of the fires reported that they saw deer running ahead of the fires.

Grains Tumble Limit Declines; Selling Heavy

CHICAGO, Sept. 20—(AP)—All contracts of all grains tumbled for limit declines at one time on the Board of Trade today, but wheat and oats managed to cancel part of their losses before the final gong. Corn ended down 8 cents, the limit, for the third straight session.

Heavy liquidation struck the pits at the opening, largely a carry-over from the preceding session when there were unfilled selling orders in all grains at the limit decline.

When all grains were down their limits, substantial buying developed in wheat. The broad cereal spurted as much as 12 cents from its low, all contracts moving above yesterday's close. Corn and oats, aided by the action of wheat, managed to climb a few cents. But the rally didn't hold. Renewed selling came from commission houses.

Wheat closed 3 3/4-7 1/2 lowen, September \$2.57 1/4, corn was 8 cents lower, September \$2.38. Oats were 3 1/4-5 1/2 lower, September \$1.08, and November soybeans 6 cents lower at \$3.20. The slump has brought about heavy liquidation, both from commission houses and local traders.

British to Force Workers to Take Essential Jobs

LONDON, Sept. 19—(AP)—The British government published a decree under its emergency economic powers last night which Labor Minister George Isaacs said would force "a small minority" of workers to "accept essential jobs against their will."

The decree was part of a campaign to drive Britain's manpower into production for export.

The order was limited to workers who become jobless in the future. Under it, men between the ages of 18 and 39 and women from 18 to 40, with a few exceptions, who lose or give up present jobs will be obliged to apply for new employment only through the labor ministry or face fines of 100 pounds (\$400) and prison terms of three months.

Women rearing children under 15 and workers engaged in pro-

fessional, managerial, administrative or executive capacities were excepted from the order.

Dean Reese Talks At 'Get Acquainted' Law School Dinner

Dean Seward P. Reese, head of Willamette university's law school, was featured speaker at a "get acquainted" banquet at the Marion hotel Saturday night to welcome new students who enrolled in the law school earlier in the day.

The banquet was sponsored by the law school and was attended by more than 100 persons. Purpose of the meeting was to acquaint new students with the school.

Reese stressed the qualities necessary in law students and gave them the history of the Willamette law school and its alumni. State Sen. Allan Carson, Salem attorney, and president of the alumni association also addressed the students.

"Holly" Says

All your children who just couldn't wait for school to start are happy now and we sure love happy children. Personally I couldn't get enthused about starting to school until the last years of high school, that was about the time the school board got smart and went glamorous. My teacher was one of those gals like the teacher that just went to the beauty contest at Atlantic City and I realized for the first time why men bought diamond rings. It impressed me so vividly that I always had a yen to buy hundreds of them, yeh thousands. Well in order to buy the sands of them I had to sell some and that is how I happened to get into the jewelry business. Yes, I have quite a lot of them now, perfect too! (the diamonds that is) so in case you know a "school teacher" or someone else that is "right up there" come on over and let's talk about a diamond.
