

Citizenship Denied Soviet Sympathizer

SEATTLE, Oct. 18 - (AP) - Mrs. Hazel Anna Wolf, a Canadian citizen accused by the government of communist sympathies, was denied American citizenship Friday by Federal Judge John C. Brown.

Judge Bowen ruled that Mrs. Wolf had failed, as required by law, to satisfy the court as to her devotion to the principles of the United States constitution. He added:

"She is disclosed by the evidence to have written one or more book reviews on Russia for one local newspaper called the 'New World'."

"She seems in this review to have been seeking an opportunity to show up the advantages of life elsewhere than in the United States."

The court, announcing the decision, took judicial notice of testimony by two former business associates of Mrs. Wolf's that she had spoken of them "admirably" on the program of a "foreign nation." Judge Bowen also said that Mrs. Wolf had made no showing of religious affiliation, leading him to weigh the value of her testimony under oath.

Mrs. Wolf, during hearing of her petition for citizenship, had denied membership in the communist party or sympathy with it.

Mac Quoted as Not Interested In Presidency

WASHINGTON, Oct. 18 - (AP) - Senator Brewster (R-Maine) Friday quoted General Douglas MacArthur as saying that if a general ever runs for election against President Truman, it will be General Dwight D. Eisenhower and not MacArthur.

And Brewster quoted Mr. Truman as saying "with a smile" that he was "fed up" with his job as president and that MacArthur could "have it any time he wants it."

The Maine senator told reporters it all happened in the summer

of 1946 when he made a trip to Japan.

"I stopped in to see the president before I left and he told me to tell MacArthur he was doing an excellent job and that he had complete confidence in the general."

"Then he (Mr. Truman) leaned back and said with a smile: 'Tell him that I am fed up with this job and that he can have it any time he wants it.'"

Brewster said that when he delivered this message, MacArthur commented:

"Tell President Truman that if a general ever runs against him it will be Eisenhower and not MacArthur."

Bread Prices To Increase in Eastern Cities

By the Associated Press
Increases in bread prices were forecast this week for a number of eastern cities as a sequel to spiraling flour and wheat prices.

Three major Philadelphia bakeries increased bread prices 1 cent a loaf, and the same increases will go into effect Monday in the New York metropolitan area and in some Pittsburgh bakeries. The Baltimore Evening Sun said similar rises would be put into effect in Baltimore and other eastern cities.

The advance, the Sun said, was attributed by bakery officials to "the all-time high price of \$16 a barrel for flour and \$3 wheat."

Elsewhere on the cost of living front, the Associated Press weighed wholesale price index of 35 commodities hit a new all-time high of 196.92 compared with the 1926 average of 100 and the agriculture department reported that retail milk prices Friday had reached the highest level on records extending back to 1918.
