

### George Neuner Takes Issue With Hayden

Attorney General George Neuner took issue Tuesday with two contentions made Monday by District Attorney Miller B. Hayden in his comment on the attorney general's recent directive to district attorneys for a statewide cleanup of gambling devices.

Neuner denied that he had ever ordered county officials to destroy gambling devices without a court order, in response to Hayden's statement that county officials would be liable in civil suits for destroyed gambling devices if the attorney general's directive were followed.

### Jitterbug Exhibition Set For Legion Dance

A jitterbug exhibition by two Salem dancers will provide special entertainment at tonight's dance sponsored at Crystal Gardens by Capital Post 9, American Legion. The dancers will be Edith Fox and Lloyd Musman of the Oregon Institute of Dancing here.

### State Employment Near Record High

Employment in Oregon in 1947 may not only exceed the 1946 payroll record but possibly will also pass the all-time high in 1944, the state unemployment compensation commission announced Tuesday.

### Value of Taxable Property on Rise

Value of taxable property in Oregon as of January 1, 1947, including both public service corporations equalized by the state tax commission and property equalized by county assessors, aggregated \$1,264,679,011.06 as against \$1,120,333,779 a year ago, the tax commission reported Tuesday.

### Bus Line Seeks Route in Oregon

Hearings will open before the Oregon public utilities commissioner here Monday, November 3, on the application of the American Business, Inc., for operation of a bus line between the Oregon state line and Portland by way of Pacific highway 101 and state highway 18.

### Laborites Seek to Curb Powers of House of Lords

LONDON, Oct. 21 — (AP) — Britain's labor government began a battle today to curb the power of the hereditary house of lords and drew immediately from conservative leader Winston Churchill the charge "It is a deliberate act of socialist aggression."

King George VI, in a speech written by the ministers of the labor government for the formal opening of the new session of parliament, disclosed the attack. The speech laid down a legislative program for the next 12 months that included early nationalization of the gas industry but made no mention of steel.

The conservatives tore immediately into the proposal to curb the power of the house of lords, disclosed in this one sentence: "Legislation will be introduced to amend the Parliament Act, 1911." That act sets out the present authority of the upper house, whose origin dates back to the great councils of feudal land owners and Norman kings.

### Snow Blankets High Areas

An overnight switch brought Salem sunny and warmer weather Tuesday after several days of heavy rainfall, but the showers will be back this evening, said the U. S. weather bureau at McNary field. Meanwhile, two inches of snow was reported on the Santiam highway to eastern Oregon and elsewhere in the Cascades.

The forecast calls for fog this morning, cloudiness and "a little rain" before evening. The mercury was down to 40 at 1 o'clock this morning.

Travel conditions on the Santiam highway were said to be normal except for a short section of one-way traffic on the South Santiam eight miles east of Upper Soda because of a sunken fill. The Wilsonville and other ferries across the Willamette river remained closed because of high water.

### 8-Jet Bomber In Test Flight

MURC ARMY AIR BASE, Calif., Oct. 21 — (AP) — Northrop's chevron-shaped eight-jet bomber, the YB-49 flying wing, roared into the air today on its maiden flight from its factory at Hawthorne, and 34 minutes later landed here to start a series of grueling army tests.

The 44-ton behemoth's first trial run was accomplished without incident. The bomber, which is being flown by Northrop, said the flying wing, its 32,000 horsepower engines working perfectly, conducted maneuvers during its 90-odd mile trip here. There was no hint of its maximum speed. Northrop has described it as the world's most powerful plane yet announced.

It has a wingspread of 172 feet and weighs 100 tons fully loaded. It is designed to operate at altitudes above 30,000 feet and carry a crew of 13.

### Solons Hear Pros, Cons of Grain Controls

PORTLAND, Ore., Oct. 21 — (AP) — Consumer and farm cooperative representatives today suggested government controls to regulate use of grain, but a Portlander who helps formulate OPA grain price codes asserted they wouldn't work.

N. E. Sanford, manager of the Continental Grain company here, told a congressional price hearing group that his experiences formulating wartime grain controls indicated production would suffer. Urging regulations were a past president of the Oregon chapter, League of Women Voters, and Ronald E. Jones, president of the Oregon State Farmers' Union.

### CIO Still Picketing; Taft Still Smiling

DAYTON, O., Oct. 21 — (AP) — CIO union members massed in front of Dayton's Miami hotel tonight, booing and heckling U. S. Sen. Robert A. Taft as he arrived for a speech before a meeting sponsored by the Montgomery county republican committee.

Senator Taft and Mrs. Taft smiled broadly as they marched through a narrow lane opened by the crowd of pickets, estimated by police at about 500.

**MAN HELD FOR POLICE**  
Derwood Holder, Bakersfield, Calif., was in city jail this morning awaiting arrival of officers from Aberdeen, Wash., where he is to face a grand larceny charge. Arrested in a local tavern Tuesday evening, Holder waived extradition. Exact nature of the charge was not known here.

**FFA CHAPTERS WIN**  
Molalla Future Farmers of America chapter was one of 20 chapters in the nation awarded gold emblems for top performance Tuesday at the FFA convention in Kansas City, according to Associated Press. A silver emblem was awarded the Silverton chapter.

**REVOLT FLARES IN CHINA**  
NANKING, Wednesday, Oct. 22 (AP) — Official Chinese government sources said today a revolt had broken out in China's far northwest province of Sinkiang and the strength of the rebels indicated they were supported by outer Mongolians and possibly Russians.

### 2-Car Wreck Sends Auto Into Building

A two-car collision just before 3 o'clock Tuesday morning demolished much of both vehicles and sent one careening through the side of the J. C. Jones Monumental Works at South Commercial and Hoyt streets.

One driver, Harold Edward Hennison, 2597 Portland rd., was charged by city police with reckless driving, liquor involved. The other driver, Ray Lewis Freeman, jr., Sweet Home, was charged with having no operator's license and released on \$5 bail. Hennison was fined \$125 and given a 30-day suspended sentence in municipal court.

The front end of the Hennison car was virtually demolished, police reports said, along with the back end of the other vehicle. Both were traveling north when Hennison told police, the other car loomed up in front. Hennison's car damaged a service station marquee, plowed into the monument works and moved a two-ton granite slab three feet.

Passengers in the Hennison car were Dorothy McCurdy, 435 N. Winter st., in Salem General hospital; Jimmy McCurdy, Salem, and Victor Lawrence, 178 N. Cottage st., all of whom suffered cuts. In the Freeman car Mrs. Freeman suffered lacerations, but Roy E. Carpenter, Sweet Home, was reported unharmed.

### Brazil Formally Splits with Russia

RIO DE JANEIRO, Oct. 21 — (AP) — Brazil formally announced today she had severed diplomatic relations with the Soviet Union over "extremely outrageous and even heinous" articles in the Russian press attacking President Eurico Gaspar Dutra and the Brazilian army.

The Brazilian congress promptly gave the government a vote of confidence on its break with Russia. **PLANE SEARCH CONTINUES**  
PENTICTON, B. C., Oct. 21 — (AP) — The third day of search by R. A. F. United States coast guard and private aircraft for the missing R. C. A. F. photographic member, with nine persons aboard, was called to a halt by darkness tonight but search officials prepared to continue their hunt at dawn tomorrow.

**SPEEDY CAMERA SHOWN**  
NEW YORK, Oct. 21 — (AP) — A new motion picture camera which takes 11 million pictures a second, was shown to the Society of Motion Picture Engineers today by Dr. Brian O'Brien of the University of Rochester.

### Salvation Army Designated Agency For CARE Parcels

Salem's Salvation Army headquarters has been designated an official agency for the handling of CARE shipments of relief supplies to Europe by individuals.

CARE is the Cooperative for American Remittances to Europe, supported by 27 accredited relief agencies, which maintains stockpiles in Europe from which \$10 packages are made up as directed by the individual sender. Four types of package are food, household articles, clothing and baby supplies.

Capt. R. B. Leshar, head of the local Salvation Army unit, said receipts are given donors and delivery to the individual European specified is guaranteed by CARE.

### Discs Return to Salem Scene

Flying discs were reported by two local residents to have played a return engagement over Salem Tuesday.

Law Librarian William H. Winlow, jr., and Law Student William J. Tobin of Willamette university said they spotted white or silver colored objects whirling through the air at an estimated 6000 feet altitude, as they looked out over the state supreme court building from a window of the Willamette law school building about 4:40 p.m.

They said one disc or sphere-like object was headed due west and before it disappeared from their vision a similar object crossed the sky headed northwest within a few seconds.

### Portland Meat Markets Open on 'Meatless' Day

PORTLAND, Oct. 21 — (AP) — Most of Portland's meat markets, closed last Tuesday, were open for this "meatless" day.

E. E. Carlson, secretary of the Independent Retail Meat Dealers association, said there was little business but doors were open as a "convenience" to customers.

### Vets' Jobless Pay Increasing

Readjustment allowance payments to Marion county veterans are on the usual seasonal upsurge now but have been steadily declining over the past two years, the state unemployment compensation commission reported Tuesday.

Last week the 814 civilian unemployment claims and the 200 veterans readjustment allowance claims at the Salem office were twice as many as in any other county in the state with the exception of Multnomah. Marion county last week carried 9 per cent of the state's unemployment load, while the average here is only about 4 or 5 per cent, the commission reported.

During September this county paid \$7,326 in veterans allowances, which was 5 per cent lower than in September, 1946. The drop over the state for the same period was 43 per cent. The Salem office issued veterans allowances checks amounting to \$352,818 during the first nine months of 1947, representing a drop of 24 per cent from the first nine months of 1946. A decline of 31 per cent was registered over the state during the same time, the commission said.

### Legion Requests Stores to Close on Armistice Day

A resolution urging holiday observance and general store and office closings for Armistice day this year in Salem was adopted Tuesday night by Salem post 136, American Legion.

The resolution called upon Salem employers to give their employees the day off so they may properly commemorate the day.

W. C. Dyer was appointed to head a post firing squad to function at military funerals for returned war dead. The post last night saw an army movie on the reinstatement of war dead, "Your Proudest Duty."

Homer Smith, jr., conducted the meeting in the absence of Commander Chester Fritz.

### Giant Lumber Loading Dock Set for Portland

PORTLAND, Ore., Oct. 21 — (AP) — The commission of public docks was given permission today to build a \$1,830,852 lumber loading terminal dock on the west side of the Willamette river.

The new facilities will provide storage space for 30,000,000 board feet of lumber.
