## Double Your Money or Better

Butchers pay much more for your used fats today. The reason is the worldwide shortage of fats and oils. Your Government says: "It is still necessary to conserve every pound of fat." So keep saving and turning in your used fats. You can help relieve the shortage and also help yourself.

## How to Buy Your THANKSGIVING TURKEY with money you don't have!

National estimates show it costs 50c to drive your automobile downtown and back. This doesn't include parking costs. So, to be conservative, let us assume driving and parking costs you 65c, every time you use your car to go to town.

It costs only 15c to take the round trip by bus, and you eliminate parking worries and costs entirely.

If, during the next three weeks, you took the bus to town every day instead of driving your car, you would save 50c a day, or \$7.50—enough to buy a 15-pound turkey!

Try it for a few weeks. You'll be surprised how convenient and comfortable the busses are and you'll be amazed at how much extra money you'll have. It'll relieve downtown traffic congestion, too.
