Storm Breaks **Over Rockies**

By the (AP) The first storm of the winter brought snow and cold Thursday to Rocky mountain and plain regions and was moving into the midwest.

After falls of snow from one to eight inches in the Rockies the storm moved slowly northeastward. Some snow fell in Minnesota, the Dakotas, western Iowa

The U. S. weather bureau said the snow and below normal temperatures should let up in the Rockies and western plains states Saturday and that temperatures would begin to rise.

Temperatures were normal and skies glear in most sections of the west and south Thursday. Some rain fell in the Pacific northwest but California reported normal
