

### Salem Rose Society Elects Rev. Benbow

The Rev. Earl W. Benbow of Dallas was elected president of the Salem Rose society Thursday night at the society's annual election meeting in the YMCA.

The Rev. Benbow succeeds Ray Warren of Salem. Other officers elected last night include Dr. Kenneth H. Waters, vice president and Mrs. C. A. Kells, secretary-treasurer, both of Salem.

Following elections the society heard Herbert C. Moss, past president of the Seattle, Wash., rose society and director of the American Rose society, give an account of the national convention of the society in Cleveland, O., last summer.

### Grain Futures Finish Strong

CHICAGO, Nov. 20 — (AP) — Grain futures made a poor start but strong finish on the Board of Trade today.

Wheat was about 2 cents lower and corn was down 3 cents, but on the low points there was buying of wheat and short covering in corn which pushed prices above the previous close.

Early selling was influenced by a report in trade circles that the administration had lowered its wheat export goal from 500,000,000 to 450,000,000 bushels. This later was denied by the agriculture department.

The rally in wheat was led by purchases by houses with southwestern connections, which traders regarded as operations against sales of flour to Holland. There also were reports of possible wheat sales to the government, which bought 689,000 bushels in Kansas City and Chicago Wednesday.

Wheat closed 3/4 to 1/2 cent higher than the previous finish, De-

### Ten Added to Marines Unit

Salem's marine reserve unit continued its rapid growth at a regular drill session at the Salem airport Wednesday night as 10 new members were inducted into the organization, unit commandant Maj. Leonard Hicks announced.

Men enlisting were Cpls. John F. Morgan, 20 Abrams ave., Philip H. Sims, Gervais, and Daniel J. P. Collieran, 195 S. Cottage st.; Pfc. Clarence W. Edwards, 1720 Cross st.; and Pvt. Valfred G. Mauck, 831 Breys ave., Donald D. McLeod, 1015 N. Winter st., Charles R. Pierce, Salem route 4, Joseph C. Schlageter, 510 N. 24th st., Lawrence J. Herberger, 2405 Mason st., Raymond E. Pemberton, Slayton, and Thomas Patrick Collieran, 195 S. Cottage st.

During the drill session the unit was shown a movie dealing with the 105 mm howitzer, which was followed by an hour lecture by M/Sgt. John Hancock, Portland, on the operation of various howitzers. After the drill session selection was made of members who will play on the unit's basketball team to be entered in the Salem City league this season.

### Mountbatten Places Ring on Elizabeth's Finger

LONDON, Nov. 20.—Standing in the center of the altar, Lieut. Philip Mountbatten, the Duke of Edinburgh, places the ring on the finger of his bride, Princess Elizabeth, during the wedding ceremony in London's Westminster Abbey. At bride's left is her father, King George. At bridegroom's right is the best man, the Marquis of Milford-Haven. At extreme left of altar is Earl Mountbatten, the bridegroom's uncle. Standing by unoccupied chair at right side of altar is Queen Elizabeth. Next to her stands Queen Mother Mary. (AP Wirephoto to The Statesman via radio from London). (Story and other pictures on page 1).

### Seaplane Base Accredited for GI Training

The Lamb Seaplane base on the Willamette river here and the Earl Aircraft company at McMinnville were among flying schools which were approved for GI flight training courses by the state aeronautics board in Salem Thursday.

The Seaplane base is operated on the river about two miles north of the Marion-Polk county bridge by Harold C. Lamb, 1625 Nebraska st., and Richard Holt, Turner. Suggestion that airplanes which join in a search for a lost or missing plane first secure authorization from the state director of aeronautics and give the number of the aircraft, was also stressed at the board meeting. The board said it would then be able to reimburse the aircraft owner for gasoline consumed in the search. The board announced the employment of C. W. Nelson as a safety inspector. He will start contacting flight schools early next month. The board also reported completion for this year, of its airmarking program. Seventy-nine markers, at a cost of \$10,000, were installed.

### Walker Sidesteps Candidacy Query

State Sen. Dean Walker, Independence, said Thursday in Salem he had not yet determined definitely whether he will be a candidate for governor at the republican primary election next May.

"I have been too busy to make any decision," Walker declared. Walker admitted he has the proposal under consideration.

### Special Stocks Boost Market

NEW YORK, Nov. 20 — (AP) — Climbing special stocks helped the general tone of today's stock market although a number of leaders displayed a lack of enthusiasm. The biggest batch of increased and extra dividends in some time propped assorted favorites but

failed to buoy other stocks concerned. Buying, on the whole, was credited to the belief the list would pay more attention to good business news and at least extend the recent technical comeback. Income tax selling was offset to some extent by switching operations. The Associated Press 60-stock composite was up .5 of a point at 65.6, a high since Oct. 27, of 1,003 issues registering, 426 rose and 345 fell. Touching 1947 tops were Inter-

national Business Machines, up 16 points at 246 in further reflection of a split-up program and Union Pacific 9 1/4 at 155 1/4, following a favorable disbursement and a proposal to split the common and preferred stock. Uranium ores can be photographed by putting the polished sections of the mineral in direct contact with photographic film, thus showing the exact location of the radioactive particles in the ore.
