

Miss Betty Paulsen A Bride

Varied colored chrysanthemums in shades of white, yellow and lavender banked the altar at the First Congregational church Friday night for the wedding of Miss Betty Paulsen, daughter of Mr. and Mrs. Henry F. Paulsen, and Robert Woodburn, son of Mr. and Mrs. H. R. Woodburn of Wecoma Beach, formerly of Salem. At 7:30 o'clock the Rev. Seth Huntington officiated at the candlelight ceremony.

Mrs. James Barnard of Corvallis and Mrs. Robert Armbrist, wearing yellow frocks, lighted the tapers. Miss Beverly Kenney was the soloist and Jean Hobson Rich the organist.

Of white brocaded satin was the bridal gown fashioned on princess lines with long sleeves, buttons down the back and a full skirt terminating in a train. The fitted bodice was designed with a sweetheart neckline. Her fingertip lace edged veil cascaded from a heart shaped crown of seed pearls. She carried a white Bible topped with lavender orchids. Mr. Paulsen gave his daughter in marriage.

Preceding the bride to the altar was Mrs. Eugene Bauer of Oregon City, the matron of honor, Mrs. Wallace Bonesteel, jr., Mrs. DeLayne Paulsen and Mrs. LeRoy Thomas, sister of the bride, as bridesmaids. The honor attendant wore an aqua moire taffeta gown with panier effect on the full skirt, short sleeves and sweetheart neckline. She carried a crescent shape bouquet of Better Times red roses centered with a lighted candle. The bridesmaid's frocks were of deep rose taffeta designed with puffed peplum effect at the gathered neckline, short sleeves and square neckline. Their crescent shaped bouquets were of orchid chrysanthemums and silver leaves centered with white candles.

Judy Paulsen was flower girl and wore a light rose taffeta full

Time for Cooking

Preparing the Turkey for Table Is Given in Detail; Time Table, too

Weight*	Oven Temp.	Cooking Time Min. Per Lb.	Cooking Time Hrs. Per Bird
8 to 10	325°	20 to 25	3 to 3½
10 to 14	325°	18 to 20	3½ to 4
14 to 18	300°	15 to 18	4 to 4½
18	300°	13 to 15	4½ to 5
20	300°	13 to 15	5 to 6
Half Turkey	325°	25 to 30	

*Stuffed weight is equivalent to market dressed weight (killed and plucked). If purchased full drawn, add 3 lb. for 8 to 14 lb. turkey, 4 lb. for 14 to 18 lb. turkey to get the stuffed weight.

Women's Editor, The Statesman

In our zeal to cover all aspects of the Thanksgiving dinner, we must not neglect the most important part of the menu, the turkey. He's a simple fellow, when you come right down to it. If the meat man has drawn the turkey, these are the steps for you to take:

Cut off neck close to the body, leaving as much skin on as possible. Rinse inside of bird, remove pinfeathers.

Allowing 1 or 1½ cups dressing for each pound of turkey, prepare it according to your choice. Salt inside neck cavity, and insert stuffing lightly, but pressing in so it will be well filled. Draw neck skin over, tuck in and fasten with skewer.

Fill main cavity with stuffing, pushing well up into rib section. Press firmly but don't crowd as stuffing must remain fluffy. The turkey should look plump and rounded, but not too stuffed. Stuffing will expand.

The old custom of sewing the openings is forgotten and instead the simpler, more satisfactory method of inserting small skewers through the two edges of the opening, then lacing with white twine is used. Begin at upper skewer, wrap string around it to hold, then lace up just like boots, crossing string from one side to the other and pulling opening together.

Tuck wings into back, tie leg bones together and fasten with string so it doesn't cross the breast. Place bird on its back on a rack in an open pan.

If you own a meat thermometer, you'll welcome this new discovery (new to us at any rate). A roast meat thermometer, inserted between the thigh and the body, should read 180 degrees when turkey is done. This is the thickest part of the bird.

Place turkey in the open pan, with no water and no lid, preferably on a rack. Put into a 325 degree oven. If bird comes within three inches of the walls of the oven, it may be wise to saturate a cloth in cooking oil and cover
