OWNERS LIKE the KAISER and the FRAZER!

THEY WRITE FROM EVERYWHERE PRAISING PERFORMANCE, RIDE AND SERVICE

The Kaiser and the Frazer have been tried out in hundreds of millions of miles of motoring, by more than 115,000 owners. The verdict of these critical buyers is overwhelmingly favorable. Their experience adds up to such enthusiastic endorsement that more than half the sales we make result from owner recommendations!

Owners of Kaiser and Frazer cars write letters to Willow Run by the thousands, praising the performance, ease of control, roominess, economy and, above all, the ride that these great postwar automobiles give them. The following excerpts from unsolicited letters tell the whole story of why Kaiser and Frazer owners like these fine cars.

These Voluntary Statements Are Typical of Thousands

All Around Satisfaction—"I purchased the first Frazer car sold in our town. It is the best automobile I have ever owned or driven—and that takes in a goodly number."—From a Hamilton, Mont., Farmer.

Effortless Driving—"I have never experienced such performance and effortless driving as I have since became the owner of a Kaiser—wonderful to handle in traffic."—From a San Marcos, Cal., State Forester.

The Best Ride of All—"I have driven my Frazer 8,247 miles. On a recent 2,780-mile trip through Canada I averaged 26.6 miles to the gallon. I have owned and operated many different makes of cars over a period of a great many years and never until I bought my Frazer have I owned a car that was so economical and I can truthfully say that this car gives the best ride of any automobile I have ever owned."—From a Cranston, R. I., Physician.

Safety—"For comfort and safety, I am convinced—after 10,000 miles—that no other car in any price range can compare with my Kaiser."—From a Mayfield, Ky., Sgt.

No Fatigue—"Driving my Frazer an average of 15 hours a day, I made the run from New York

to San Francisco in 5 1/2 days without the slightest fatigue. The road stability of the car is remarkable. Total absence of vibration. Absolute steadiness of the wheel."—From a Belgian Diplomat.

Service Accessibility—"I bought my Kaiser as I was sold on its workmanship, design and performance. Have just completed a 5,500-mile vacation trip and I like the lubrication layout and the way you can get at the engine. All parts that might need repair are more accessible than in any other car. These words are not only mine but those of service station attendants in many localities."—From a Peoria, Ill., Factory Supervisor.

Comfort—"After averaging 420 miles a day for 17 straight days on a round trip to California by way of Florida with my wife and three children, none of us were travel-fatigued when we got home. The Frazer is really a great car."—From a Trenton, Mich., Businessman.

Good Service—"A product is only as good as the service in back of it. My Kaiser has been well serviced everywhere, from the start, and I am perfectly satisfied."—From a Providence, R. I., Motor Vehicle Inspector.

Performance—"If any of your prospects want performance figures, here are a few: I just finished

a 4,000-mile trip in my Frazer averaging above 20 miles per gallon at between 60 and 70 miles per hour. The car will hit 100 miles per hour anytime and will do 70 miles per hour in second gear. I can truthfully say that my car performs better as it gets older."—From a Laurel, Md., Businessman.

Roominess—"Friends who ride in my Kaiser are amazed at its roominess and at the smoothness of the ride."—From a Milwaukee, Wis., Retired Businessman.

Styling—"Our new Frazer has the more-expensive-car performance and styling and the less-expensive-car economy."—From a Hamilton, Ohio, Engineer.

Excellent Treatment—"We were on the list for 8 months when we took delivery of our Kaiser. In this day of 'under-the-table' deals, and 'accuse-or-else' policies, it is refreshing to report the excellent treatment we have had from your dealer."—From a Passaic, N. J., Businessman.

Most Satisfactory—"I want to thank you for selling me a Frazer. It is the most satisfactory car I have ever driven—and I have owned several different makes of cars in both the low-priced and the high-priced lines."—From a Boston, Mass., Insurance Executive.
