City Briefs

TINY GIRL GROWING
Susan Carol Cross, Salem's "mighty mite" who weighed only 25 ounces when born at Salem General hospital September 19, now weighs 3 pounds 14 ounces, hospital authorities reported Saturday night. Susan is still in an incubator most of the time, but no longer requires oxygen and can be removed from the incubator for feedings and exercise, nursery attendants said.

Temporary quarters of Drs. Power, Buren, Miller, Lancefield and King will be in north wing of Salem Deaconess hospital and in basement at Salem General hospital. Please call in advance, Phone 3123.

Will the person who picked up the wrong overcoat at the Winona Chalet Nov. 15 please call 21443.

SILVERTON ROAD NUMBERED
The road leading into Silverton airport from the highway there was numbered 641 by Marion county court and is now a part of the county road system, Marion County Commissioner Roy Rice said Saturday. The road is about a block long.

CLUB GETS DONATIONS
The Chin-Up Club of Oregon, Inc., Friday received a \$25 donation from the Salem chapter, Disabled American Veterans, Beth Selwood, Salem, club president, announced. The money will be placed in club's building fund, she said. The club also received a \$10 contribution from the Iowas-Oregonian club of Salem following a meeting of the organization at Quinaby Friday night. This will be used for the "sunshine fund," to help shut-ins in emergencies.

PATIENT 'DOING NICELY'
Barney Van Onsenoord, 751 Kingwood dr., owner of the State Tire service, was "doing very nicely" Saturday night in Emmanuel hospital in Portland where he underwent a back operation November 27, his wife reported. Mrs. Onsenoord said her husband would remain in the hospital for two more weeks.

Births
BILLET—To Mr. and Mrs. Joe Billet, Salem route 2, a son, Saturday, December 6, at Salem Memorial hospital.

Elks Minstrel All Set for 5-Night Stand

From slap-stick comedy to serious drama, the two-act all-Elks Minstrel show was declared all set today for its five-night stand to aid in bringing Christmas cheer to the needy of the valley.

The Christmas program and show, with Frank Zinn as director and Charles Claggett as master of ceremonies, is to be held at 8:15 p.m. Tuesday through Friday, December 8-12 inclusive, at the Salem Elks lodge.

Officials said the minstrel, which was composed by Don Simmons and Fred Bynon, comprised ideal entertainment for all ages. Thirty-five Elks make up the cast.

The orchestra and chorus are conducted by Al Finn of Salem. End men are Zinn, Curtis Hale, Doc Craig and Dick Christopher. The quartet members are Monk Alley, Norval Edwards, Boyd Babbitt and Ralph Caley.

Other members of the troupe are: Peanut butcher, Rog Williams; hunter, Ozzie Walker; vocalist, Gladys Rolow; piano soloist and accompanist, Ethel Benner; pantomime, Bill Roble; vocalist, Chester Mulkey; fan dancer, Ozzie Walker; bass horn solo, Glenn Burritt; vocalist, Max Schreiber; negro mammy, Ove McCrary; pickaninny, Carl Steelhammer; heckler, Bill Kruff; Dead Pan, Albert Henderson.

The Elks' benefit program, which this year takes the form of a minstrel, is an annual affair in furtherance of the lodge's charities. Tickets will be available at the door for what the Elks, the lodge newspaper, has termed "a refreshingly new jact-pot of entertainment."

Gun salutes between ships are said to have originated in the days when firing a gun twice in half an hour was average; the Salute involved firing the guns to assure the other ship there could be no attack for some time.

Charles Linder Dies at Home

Charles Herman Linder, Salem resident for the past five years, died at his residence, Salem route 4, Friday following a long illness.

He was born in Sweden 70 years ago and came to North Dakota as a youth. He was a farm-

er in that state until five years ago before coming to Salem to retire.

Surviving are two daughters, Mrs. Tillie B. Radke of Salem and Mrs. Agnes L. Forland of Turtle Lake, N. D.; a brother, John Linder of Miles City, Mont.; and by five grandchildren and relatives in Sweden.

Announcement of services will be made later by the W. T. Rigdon company.

Exam Scheduled Dec. 18

The semi-annual Oregon examinations for buttermakers and cheesemakers seeking Oregon li-

censes will be held December 18 at Corvallis, the state agricultural department announced Saturday.

Here Today...

This time it's Hudson

the car they said was years away!

This is your day! Set the time; see the car you've been told was years away!

A style-setting beauty, with a sparkling and massive front grille. A car that is only five feet high, and with the lowest center of gravity you've ever known, but with a new, all steel Monobilt body-and-frame that gives you more inside head room than any other car built today.

A car with the roomiest seats ever built into any American-made automobile.

A car you step down into when entering, not up on — yet a car that maintains road clearance! A car that cradles you not only between axles, but ahead of the rear wheels.

All of this is made possible by a basic new development in motor car design—Hudson's

Monobilt body-and-frame, shown in phantom view and described to the right.

The Hudson dealers listed here are ready with information about Hudson's all-new Super-Six engine — the most powerful six built today—and Hudson's masterful Super-Eight. They will tell you about Hudson's exclusive Drive-Master—no clutch pushing, no gear shifting in forward speeds.

See Hudson's gorgeously upholstered interiors, with chrome handles and hardware recessed into side panels, out of the way. Examine all of Hudson's new beauty, comfort and convenience features, including a new type of low-pressure, Super-Cushion tire that mounts on a new, wide safety rim. See how Hudson's wide, curved windshield and rear window give added vision all around.

Get a good look at this new kind of car — a type of automobile no one else in the world is prepared to build today! It's something to see—the nearest Hudson dealer will show it to you now!

A CAR YOU RIDE IN... NOT ON!

Hudson is the only motor car that completely encircles you, even outside the rear wheels, with a rigid box-steel foundation frame. You ride within this new construction, instead of on top of it as in other cars. And every unit of Hudson's new, all steel Monobilt body-and-frame is welded into one solid structure that provides unusual rigidity and stability.

The New Hudson
