GIFT SHOPPERS' GUIDE

Isn't it awful—this last minute business? Sloshing around in the rain through the crowds from store to store trying to find something for someone whose wants you know not. . . . Wouldn't you just like to give the whole thing up? But, hunk-uh! Can't do that! You know how Aunt Effie is if she isn't remembered—and you wouldn't want grandpop to think you had forgotten him after all these years. But, what to buy? That's the question.

Realizing your problem, we just kinda strolled around our five floors of gift-laden depts. and made what we think would be a practical gift list for almost anyone. There's quite a few extra special bargains—we might mention. So just clip this ad and bring it with you and do a little checking on your own. WE'LL BE LOOKING FOR YOU.
