One gent who awaits the new year while sitting fretfully on pins and needles: Rocky Graziano, the controversial character who holds sway as king of the middleweights. Rocky knows that '48 will make or break him -and his eventual fate lies not so much in the whirl of ring combat but in the minds of boxing commissioners throughout the land. They'll either throw him out of the sport as being undesirable (mainly on his dishonorable discharge from the army) or they'll give him the green light. And the sooner the verdict is rendered the happier Graziano should be . . .
