Snow Plagues Stock Market

NEW YORK, Dec. 27-(AP)-In addition to tax selling and other troubles, the stock market during the past week had to contend with the heaviest snowstorm in New York's history.

The final short session of the

year was handicapped by staff shortages on the exchange and the desertion of boardrooms by most customers due to transportation breakdowns. The board of governors decided just before 10 a.m. to continue business as usual mainly because it was the last day in which tax sales could be made in the regular way. Beginning Monday such transactions must be for cash.

Prices were fractionally mixed and the ticker tape frequently idle in the day's operations. Transfers of 410,000 shares compared with 800,000 last Saturday. For the 5-day week the aggregate was 5,335,820 shares against 6,941,581 in the previous 6-day stretch.

The Associated Press 60-stock composite on the day was un-changed at 64.9, although, of 754 issues registering, 376 fell and 174 rose. The index for the week was off .5 of a point, first dip since the week of December 6.

Only news to influence grains
was the purchase overnight of 22,-000 sacks of flour by Belgium. That caused a little commercial demand in wheat, but it was not
