Jaycees Probe Dance Problem For Silverton

SILVERTON—Silverton's Junior Chamber of Commerce will make a thorough study of the dance situation here, including the recent ordinance adopted by the city council, according to action taken by the chamber's membership at its weekly meeting.

Dr. W. E. Grodrian, president of the Jaycees, appointed as a committee to study the dance situation, Dr. E. Johnston, John Middlemiss and Perry Dowd. Appearing at the meeting is the interest of liberalizing the dance ordinance as it now stands were Oscar Edlund, H. H. Holland and Wesley Grogan.

The ordinance stipulated that patrons at the dance could not leave the hall and return again without purchasing a second full admission. Some objection is also being expressed, members stated, to the provision providing that no youths under the age of 18 may attend a public dance at Silverton. This provision was also embodied in the older dance ordinance here.

Leonard Hudson, Rotary club president, spoke briefly on the Rotary's plans for local tennis courts. The Jaycees discussed adding their efforts to this movement but no definite action was taken. Arthur Dahl, past chief of the Silverton volunteer fire department, told of the work and equipment of the department.
