Snow Brings Wheat Sales

CHICAGO, Jan. 30 (AP)—About a foot of snow in parts of the southwestern winter wheat belt brought selling which caused wheat futures to slump about 3 cents a bushel on the Chicago board of trade today. Other grains moved downward with wheat. Heavy snows fell in western Oklahoma and fairly heavy snows in southwestern Kansas. Traders said this was beneficial to the new wheat since it would provide a protective covering in case of sharp temperature drops. Wheat closed 3 to 3 1/2 cents lower than the previous finish. May \$2.88 1/2-2.89; corn was down 1/2 to 3/4 cents, and soybeans were unchanged to 5 cents lower. March \$4.06 1/2. Only the March oats contract showed a gain. A slow domestic flour demand was indicated. The government bought 140,000 bushels of cash wheat at Kansas City yesterday and 50,000 bushels at Minneapolis, but reported no purchases at Chicago.
