

Keizer Groups Seek Ban on Beer Parlors

KEIZER, Feb. 16 (Special)—Representatives of churches, the Parent-Teacher association, grange and private citizens met here Monday night to pass unanimously two resolutions opposing licensing of a beer parlor in the Keizer district.

One motion adopted states opposition to licensing of any beer parlor within the Keizer school district. The second would prohibit issuance of any additional package-beer licenses in the school district. The motions will be filed with the Marion county court which will conduct a hearing on the contested application February 27.

Application for the retail class B beer permit was filed February 4 by Walter M. Cline, Jr., and W. H. Johnston, both of Salem. Speakers at Monday's meeting pointed out the establishment would be located within two blocks of Keizer school.

Mrs. Voecks Still Serious

Mrs. Betty Voecks, 21, critically wounded by a .45 calibre pistol bullet in a Salem hotel last Thursday, was "slightly improved" in Salem General hospital Monday night, her physician reported, but was still in serious condition.

Earlier Monday her fiancé, Leo Britz, 24, appeared in Marion county district court to face a charge of aiming a firearm at another person in connection with the shooting. Britz was arrested in the hotel room, after the shooting of Mrs. Voecks, on a charge of being intoxicated. The following day the district attorney's office filed the firearm charge.

District Judge Joseph Felton set February 20 as the date for preliminary examination of Britz's case. He is being held in the county jail in lieu of \$1,000.

Salem YM Tops Goal in Drive For Members

All crews who circled the globe during the Salem YMCA's high-flying membership campaign during the past week made three-point landings at a banquet in the Y Monday night with the announcement that 280 new members had been signed up, exceeding by 40 the goal of 240.

The top squadron—captained by Norman Winslow—had 122 new memberships, to its credit. Following were squadrons led by Steve Anderson with 62; Carl Greider with 58 and Bill Kidwell with 38. Since 56 new memberships were needed to round the world once, Winslow's squadron performed the globe gridding feat twice within the week's campaign.

Pilots whose crews led the pack were Walter Minier, first with 42 memberships; Leon Margosian and Harry Manning, tied for second with 34 each; Lee Shinn, third with 32, and Harold Smith, fourth with 22.

Other pilot and crew results showed Jerold Mulkey and Walter Barkus with 16 each; Del DeSart 15; Charles Chittick 14; John Kolb 13; Roland Wirt 11; Bob Ewing 10; Lee Wiens and Travis Cross, seven each; Frank Shaffer five, and Jerry Grimm two.

Bob Boardman walked off with individual honors in the male competition with 23 memberships to his credit, while Reo Farmer led the women's group with 26. Boardman and Harry Manning—with 10 memberships each—were campaigners in the final day on Monday. Mrs. Farmer led the women's field Monday with 13 memberships.

Jo Ann Barton placed second in the ladies' group with 11 memberships and Mrs. Joyce Wood was third with nine. Bob Smith and Charles Barclay, co-chairmen of the 1948 membership campaign, presided at the banquet.

Frank Bennett, superintendent of Salem public schools and vice-president of the Salem YM board, addressed the group and expressed his thanks on behalf of the board.

Charley Mee, Bill Ewaliko and James Noa, Hawaiian students at Willamette university, provided special music for the banquet.

Baruch Avers Peace Needed To Aid Prices

NEW YORK, Feb. 16 (AP)—Bernard Baruch told a gathering of the nation's mayors today that the problem of high prices could be solved only when genuine peace was achieved.

Addressing the U. S. conference of mayors, the financier and adviser to many presidents asserted: "The problem of high prices can only be solved in Washington. You know we are not at peace. Until we have peace, the ordinary laws of supply and demand and private initiative cannot function normally."

Former OPA Administrator Chester Bowles proposed an extensive federal program which he said "can modify, to a major extent, the recession which our past mistakes have made inevitable."

Bowles outlined his program as follows:
1. "Tax cuts all along the line."
2. "The time to cut taxes is when purchasing power is beginning to dry up."
3. "An all-out program of slum clearance and housing," building 1,400,000 homes a year.

4. "Continue rent controls" for at least another year or two.
5. "Enact a national health insurance plan."
6. "Once a recession begins, we should move ahead promptly with our plans for the development of the Missouri valley authority, St. Lawrence project, and other similar developments on the other major rivers."

7. "An all-out program for the buildings of schools... We should extend the principle of our GI bill of rights to enable all of our young people who are intellectually qualified to go to college."
8. "Increasing minimum wages from 40 to at least 75 cents an hour."
9. "Pass the European recovery program without crippling amendments as rapidly as possible."

Boys Captured After Spree in Stolen Autos

Two youths who escaped from the Oregon state training school at Woodburn last Tuesday were back at the institution Monday after perpetrating a "junior" crime wave which included the theft of five automobiles and three burglaries, state police said.

They are John L. Toycon, 14, Idaho, and Phillip O. Doidge, 15, McMinnville. Police said Toycon had escaped from the school five times prior to his latest departure.

The boys were arrested by a state patrolman near Breitenbush in the Idaho Park area on Sunday when the officer noticed the youths driving a car which had been reported stolen.

In a statement to state police officers, the boys said they took the first car at Woodburn and abandoned it in West Salem. Here they stole a 1948 model and drove to eastern Oregon and back to Rickreall, where they stole two other vehicles belonging to Polk county residents. Driving to Monroe, they stole an auto belonging to Grand Falls resident and drove to Breitenbush, where they were apprehended, police stated.

Court Declines 'Now' Decree For Schooling

WASHINGTON, Feb. 16 (AP)—The supreme court declined today to order admission of a negro woman student to University of Oklahoma law school at this time.

It emphasized, however, that it was not passing on the merits of Mrs. Ada Lois Sipuel Fisher's case. Lawyers expected to see it back on the docket here in short order.

She recently won a high court ruling that she was entitled not only to educational facilities equal to those given any other student, but also to get them as quickly as anybody else.

Oklahoma's solution was creation of a special segregated school for her. She came back asking an order for admission to the all-white school. She complained that her special school was not "equal."

The supreme court also Monday upheld that part of the Taft-Hartley act which denies collective bargaining privileges to foremen.

Gave implied backing to the investigating powers of the house un-American activities committee.

Refused to intervene in conviction of 14 Nazi doctors charged with performing medical experiments on war prisoners.

Neutral Asked For Parleys

SHANGHAI, Feb. 16 (AP)—The communists who have held four U. S. marines captive since Christmas day are insisting on a "neutral" go-between to discuss their release, it was learned today.

This word was brought back to the marine base at Tsingtao by Marine Capt. John Bristow, who vainly conferred with the communists two weeks ago in a sea-side rendezvous. He was told the prisoners were safe and well.

Five marines strayed into communist territory on a hunting trip north of Tsingtao. The communist radio announced Friday that one was killed and four captured. It accused them of aiding the Chinese government side in the civil war and demanded that U. S. naval authorities apologize and promise neutrality.
