Stocks Dull Little Trade in **Slow Session**

NEW YORK, Feb. 18-(AP)-Stocks virtually stood still today in one of the slowest market sessions of

610,000 — was the smallest five-hour total since last Sept. 24. It compared with 720,000 yesterday.

Modest improvement of some steels and motors in late dealings enabled the Associated Press 60stock composite to finish the day unchangedat 61.2. Of 892 issues appearing, there were 378 de-clines and 294 advances.

Railroads and some oils were soft spots most of the day, but price changes in all sections of the list generally were limited to fractions.

Commission houses said many customers withheld action in view of uncertainty over third-round wage demands, continued sharp fluctuations of commodities, their effect on business prospects, the final amount of tax revision and extent of foreign aid programs.

The usual \$2.25 dividend declaration by American Telephone and election of a new president for that corporation left its stock almost unchanged. At 149% it was

Approval of Federal Aid May Help Local Hospital Projects

Approval of federal aid for hospital construction in Oregon, announced Wednesday by the state board of health, may result in assistance for Salem Memorial and Salem General hospitals which have proposed new construction here aggregating \$3,000,000. But local hospital administrators yesterday pointed out that even though federal aid may amount to one-third the cost of an ap-

years. Both Salem General and Memorial have made preliminary application for federal aid, but detailed building plans and needs remain to be considered by a state commission set up by the 1945 legislature to survey Oregon hospital needs and pass on applica-tions for federal aid. More than 30 preliminary applications have been made to the commission for aid in financing.
