60 New Homes Now Ready!

IN THE MAPLETON ADDITION IN THE MAPLETON ADDITION

Because of the inclement weather we have been unable to finish completely the cement work, landscaping, etc., of these sixty houses. They are, however, ready to move into if you pay the down payment and your credit is good you can move in tomorrow or the next day—no waiting for F.H.A. and other approvals. In some cases the down payment will be as little as \$600 and the monthly payments will be less than we could actually get for rent.

The houses are all brand new, they are fully insulated, have hardwood, floors, oil furnaces and will be finished to include paved walks, paved driveways, etc. The streets are now paved and all houses are ready to be lived in—if you can put up with the inconvenience of waiting a little while until the weather will permit us to take care of the cement work.
