

## Morse Claims Taylor Follows 'Party Line'

WASHINGTON, March 13 (AP)—Senator Morse (R-Ore.) told the senate Friday that a speech by Senator Taylor (D-Idaho) "set out clearly the position of Soviet Russia on the Marshall plan."

Morse expressed his personal belief that Taylor, who is ready to run for vice president on the third party ticket headed by Henry A. Wallace, is not a communist. Taylor, his voice rising, thanked Morse for "saying I am not a communist."

Morse was not in the senate when Taylor made the two-day speech against the European recovery plan earlier this week. Taylor offered a substitute pro-

gram calling for action through the United Nations. It was beaten 74 to 3.

But Morse said he had read Taylor's speech and regarded it as following the communist party line from beginning to end. It could not have done a better job if it had been written "in the Kremlin," Morse added.

## Farmers Union Urges Support Of Meat Strike

DENVER, March 13 (AP)—State presidents of the National Farmers Union Friday adopted a resolution urging "all farmers to support the strike of packinghouse workers" called for Tuesday.

The NFU group asked farmers to keep "livestock off the market immediately before the March 16 date and as long as the strike lasts." The resolution also recommended that "all farmers and farm leaders lend active assistance to the packinghouse workers in their attempt to achieve adequate living standards."

The United Packinghouse Workers of America, CIO, has called the strike against major packers. The NFU resolutions asserted "profiteering in the (packing) industry gouges farmers, workers and consumers alike." The NFU

said the profits of Armour, Swift, Cudahy and Wilson packing companies "in 1947 reached the astounding total of \$144,100,000 compared to prewar profits in 1939 of \$26,000,000, an increase of 480 per cent."

During the depression '30s in the United States the population of the New England states increased 8.3 per cent, the Middle Atlantic states 4.9 per cent and the Pacific states 18.8 per cent.
